Introduction

Every time this scientist reads the Bible, he will discover more because the structure of the ancient scripture in scientific terms is built around a holograph, which proves its divine origin. A holograph when spliced out in small pieces, each section still has 100% of the information embedded. That is why Babushka eggs are different from any other literature you may compare them with. In addition, they explore the forbidden metaphysic side of our physical world as Newton defined it. I am now obligated to add more pages to these Babushka eggs, which made it hard to condense the last global **Warning for Mankind**. The truth still holds that the eternal ELOHIM loves mankind but is forced once more like a surgeon to cut out a fast growing deadly cancer to save LIFE on earth for the next generation.

Most universities are ignorant of why Julius Caesar changed the calendar in 54 BC that we still use today to correct for a declining earth axis wobble. It confused theologians, too. They try to fit prophecy by mostly guessing about the future Apocalypse that did not make much sense. Babushka eggs do not fit present illogical theories, but the Hebrew Alphabet Number System comes to the rescue projecting the Apocalypse to be only **five (5) months** long. This concept totally changes what is preached in most churches. When God's Kingdom arrives on Earth, it will terminate the metaphysical source of all evil.

Some cities have a fun park with a tunnel to scare my grandkids with ghoastly creatures just like in the Bible. (Rev. 9) Ten Years ago in 2002 when I started my Bible Science Journey now expanded to 11 Babushka Eggs, I made a sketch of the apocalypse as our civilization must go through a tunnel, which is even more scary for an adult. The cosmos train left the last station in 2012 and will not stop until it emerges on the other side entering the Promised Land. Get ready for the ride! Only those surviving will experience the splendor of God's Kingdom on Earth in full light.

If you wondered why mostly orphaned children are on the train without parents, you can find the answer in the Bible holograph repeating history like Noah or Israel entering the Promised Land. Personally, I have some notion got my answer from my life experience why would God the ELOHIM select a starving German teenager illegal crossing the Iron Curtain many years ago. My life was saved by a miracle intersecting the military border, a machinegun aimed at me got jammed as the wind blew an invisible voice, **"Not this One."**

Writing one more Pearl to supplement what God revealed became a bigger egg, now added in a little book (#11) as the Elohim let me live a little longer at over 80. In short, these four more Pearls are the last instruction for the ride anticipating to see the light in the sky at the end of the tunnel. Read my Pearl and discover what could be the greatest gift - being saved by the Elohim whispering, **"I want this One, too."** You are invited to live in His palace for a special party. Make that your choice, and my advice, "Let's go!"

Pearl #244

Japan's Radioactive Water Disaster could be solved free - no cost

Prolog

The time has come to allow a forbidden ENERGY the German scientist Hoffman invented 80 years ago by splitting water into hydrogen. It is now well proven on the Internet and has become reality for me driving my car without gasoline. What is political denied could crack a huge unsolvable problem in Japan reported on TV of massive leaching radioactive wastewater now penetrating many drinking water aquifers, but no solution is in sight, already costing billions dollars.

Enormous, deadly toxic water is encroaching nearby million population centers and farms in danger of being permanent contaminated for 100,000 years. Last year's radiation is already spreading worldwide across the ocean fish and shrimp being poisoned with radiation and will cause substantial extinction in the food supply in a few years. In the same boat are global nuclear power stations built 40 years ago - all leak too causing permanently a lifeless ruined real-estate getting bigger in size.

The solutions to most technical problems are suppressed by governments because they are funded under the table by a powerful OIL cartel, which also silenced the many MEDIA outlet being paid off. Asked why Germany has shut down their nuclear power stations, the public does not know. Massive death could be prevented if we are allowed to expose the corruption in high places so embedded in our society.

I hope that this German-Californian retired scientist-inventor is not silenced believing in the Bible but could have the answer using the process of gaining hydrogen which has a second benefit concentrating radiation so it can be handled and safely buried inside a mountain. It would have unlimited global benefit even self-financing consequently should hopefully no longer suppress its application rather investigate new science discoveries linked to some forbidden Bible verses.

Our governments should stop lying to the ignorant public, as the next generation kids may not be around as most LIFE on earth and the affected food supply is in danger to disappear applying Newton's Laws. It's unquestionably proven on the Internet that free energy should no longer be forbidden opening the door to a FFF proposal to save life for millions globally in the next few years and consequently should allow discussing the science evidence openly in the town square.

How does Hydrogen Work Driving a Car?

The present hydrogen generation devices sold on the Internet get the current from the car battery, but once started will fizz out down to producing 50% less hydrogen bubbles just driving a few hours. That phenomenon is inherent in water, still a mystery. Consequently, it would need a much bigger unit to try to get 100%.

The freed up hydrogen and oxygen gases require no modification on your car. A simple ½ inch diameter Tygon tube inserted in the carburetor air-inlet will suck in the gas and replace gasoline. However, I recently discovered if the process

is stopped and restarted, it gains back 100%. More information is available if you are mechanically inclined read (Pearl #240 on my web site web site below.)

<http://globalenergydevices.com/index.php>

Driving a car without gasoline started me on a journey to investigate how to increase the generation of hydrogen bubbles being interested to support refugee camps million families and kids need desperately free energy at no cost to cook their meals as firewood no longer is available. Consequently, I learned from physics that much of water is still a mystery for many universities but checking the divine Bible revealed a lot more.

I recently discovered that magnetized water has many side benefits giving farmer 30% increased crop harvest while using less water a paradox. It also has so many medical health applications check it out on the Internet. What is beneficial to life can also prevent death if applied to deadly radiated water my proposal will eliminate.

Now the Internet has gone ballistic investigating this newfound energy and being an inventor naturally dabbled in my garage too. Then I found that flipping the car battery current plus-minus in a continued process by an added switch, can achieved more hydrogen bubbles. If the voltage is not allowed to go down to zero, it gets even more.

Previous scientists (Pearl #240) measured the spectrum of water with ten (10) critical water resonance frequencies. This gave me an idea if we switched the resonance frequency of water from low to high could get us more hydrogen bubbles. I have given a company a diagram of an electric board (\$200) and selected two resonance frequencies oscillating like a switch expecting to get twenty (20) times more hydrogen output. Another more complex board later could possibly give 40 times more, as stated on the Internet.

But testing and measuring 100 possibilities (10x10) for a maximized production of hydrogen volume reached my limit too, as I have no special equipment in my little garage. Being retired successful inventor convinced it would shake out more hydrogen bubbles I am sure. But to tackle nuclear water radiation needs a special safe-laboratory, which I propose next.

How to remove Deadly Poisoned Radiation

Scientists believing in unscientific evolution religion will have a tough time understanding a new atom theory postulated free on the Internet in my web site that will make sense in our application. For an example, on a higher level when Fraunhofer spectral lines crystallize into the critical resonance frequency similar to water formation releasing high energy and giving birth to binding atoms we recognize as molecules.

It is just the other coin-side as universities postulate on one side spectral lines of a light frequency theory the other like a paradox solid matter believed could be broken in smaller pieces

like a CERN atom smasher. The energy mystery glue what hold matter together will never be discovered with this method.

If atoms of matter are not smashed, they could learn more about the embedded original creation intelligence using techniques investigating DNA, giving us direction how big or small to form, valence, or affinity. For an example, Gold (Au) will repel and not marry one of the (O) Oxygen sisters but Magnesium (Mn) or Lithium (Li) is totally on the opposite side ending in a fiery display oxidizing everything behaving like magnets.

I am postulating that atoms stick together with magnetism, which can be shaken to separate them with a certain resonance frequency like as a boy was shaking the apple tree to loosen the apples still bonded out of reach. Understanding that principle could help Japan to separate deadly radiation atoms from water molecules, now billion gallons stored and more is spilling out everyday from three sub terrain geysers created from a nuclear meltdown. Molecules in a water solution can be changed and measured by an isotopic shift (Picarrd.com) as tested with magnetized water (MorePlant.com).

Isotopic shifts are best known and most widely used in vibration spectroscopy where the shifts are large, being proportional to the ratio of the square root of the isotopic masses. In the case of hydrogen, the "H-D shift" is (1/2) or 1/1. This shift reflects the differing Zero-point energy for the affected bonds. (Quote: Wikipedia Vibrational spectra)

Again to find out what could work to separate the radiation component from water must be shaken to a certain resonance frequency to loosen the magnetic atom bond like an isotopic shift from what wants to stick together. Ten (10) water critical resonance frequencies have $(10 \times 10) = 100$ times the possibilities for each percent solution change, which gets thicker when hydrogen bubbles are extracted. In a changing solution concentration we should find out its specific shifting frequency crossover points and continually adjust for the maximized generation of Hydrogen bubbles which will make the radiated water solution thicker like honey consistency for safe disposal.

To make water conductive for hydrogen generation must have a water solution of salt (NaCl) like the ocean 4% or Potassium Hydroxide (KOH) but if other impurities or elements are present will affect the resonance frequency of water.

Nuclear-Radiation in ocean-water-coolant is just another element in solution; therefore we must determine to find the best water resonance frequency of different combinations to shake for more hydrogen bubbles. But common laboratory workers must be aware of dangerous radiation. However could gain more if the nuclear water now is magnetized, an easy process for farmers could help to eliminate radiation?

I postulate that deadly radiation is magnetically bonded to atoms and only a critical resonance frequency can loosen the union learned from Fraunhofer spectral lines. But my gut feeling as an inventor tells me that to find a solution extracting radiation from water is only possible by following some simple illustration previously made. It could have a huge, built-in side benefit of eliminating radioactivity very cheap. The generation of hydrogen process could also be useful to separate the deadly radiation atoms quite economically for easier disposal.

Second Witness: an Auto Fueled by Water

I needed a second witness proving for me a new theory why plain water could fuel a car and also based on the same principle of shaking the water molecules releasing big energy. A persecuted scientist used water as a fuel suppressed years ago and utilized an auto 4 stroke engine but must in principle treat the water like a humidifier and ultrasonic vaporize it by shaking the water molecule at a certain frequency, which is not mist, is not water, is not gas but an energized fog.

The power gained comes from tiny shaken water droplets turning inside the pressurized cylinder exploding into flash-steam discharge arc. But in addition must be spun around with an air mass. It acts like a flywheel and will store energy that is put to use on the next intake stroke. A static airflow has no stored energy, thereby wasting energy, but when accelerated by the intake stroke, extra air is needed. The flywheel property is the key why the vortex works. Unless the water is pulsed or modulated by shaking no extra energy can be developed.

It is just the reverse side of the Fraunhofer spectral coin postulated earlier. When resonance energy is released light will appear inside the cylinder to us as an explosion. The ∞ -neutrino energy from the cosmos will cross over to other coin side where it is converted to mechanical energy, being recognized as solid atoms. This application driving with water was suppressed by the oil cartel many years ago.

For example, Shell Oil made a 3 million dollar profit per hour for every hour of every day of the entire year selling gasoline for your car. The Oil Cartel backed up by the US government military will not allow water as a fuel proven by many scientists. Over 200 patents improving carburetors were granted for higher mpg all giving over US 250 mpg savings. Not a single design has made it to the market place due to the fantastic opposition of the Oil Cartel. In England several portable electric generator using water as a fuel was designed but never was put on the market. Why? Is the inventor still alive?

Back to our subject but should now be serious separating radiation from water we can learn from the present hydrogen converter sold in the store. But in time will find out that the water solution becomes more concentrated and needs to be readjusted, if you kept driving and need eventually adding more pure water to keep the hydrogen bubble maximized. Conversely, if you let it go, it gets a thicker solution eventually like salt is produced from evaporating seawater in a solar pond.

Once more if we use the bubble hydrogen process applied to the concentrated radiated water solution requires that the current must be constantly adjusted and modified to the two critical resonance frequency combinations that will change with more hydrogen-oxygen being continued expelled.

A reduced concentrated volume of radiated water solution getting smaller and thicker in viscosity must be monitored to the best critical resonance combination for every percentage solution change. When enough hydrogen-gas was extracted from the solution getting syrupy eventually could be disposed in environmental safe container drums and stored deep in a mountain or salt mine. I am sure being previously a successful inventor will work and in the process will make obscene profit.

Ten years ago I designed a special container to last 500 years to hold a rusting drum falling apart filled with nuclear waste material but was rejected by the atheistic establishment because I believe in the Bible, not tolerated in atheistic universities. Endless acres of decomposing drums filled with nuclear material are rusting in secret open-air chemical dumps, the next global environmental disaster you will hear about on TV.

The outlined principle I propose could help Japan to manage the Yellow-Stone-Geyser radiation water problem and could even become self financing using the generated hydrogen explained in Pearl #240 to get better educated by the experts. By using the deadly radiated poisoned water either bubbling continentally from the three Japan meltdown holes or globally from the many nuclear storage ponds could now extract the Hydrogen energy and re-using the collected gas heating clean water to steam could operate the electric generators without modification in every nuclear power station. Consequently, they could continually generate power in the same facility for the first time without a tax liability but with obscene profits with gained hydrogen. But at the same time which is the biggest side benefit for mankind and saving huge Dollar investment getting rid of radiation not possible with today's technology guaranteed.

Maybe could use some left over hydrogen boiling the last remaining concentrated radiated water and collect the hot residue like a solar salt pond mixed with some binding cement chemicals for easy safe and cheap disposal. Hopefully, there is still time to save the fish and shrimp industry as radiated tuna was found in San Francisco fish-stores. It will get worse as the Japanese meltdown geyser is still active creating global panic contaminating the other food supply, too.

In the meantime, Japan's radiated water problem can also be solved by pumping the water into an oil tanker, exported to a desert country, and put in a solar pool for evaporation. The solidified sludge could be re-imported for cheaper disposal. Most scientists are blinded by an evolution unscientific theory prevented to think in logic proven by a big Japanese joke but serious want to freeze the aquifers deep below the nuclear power station. Not making fun of stupid ideas perhaps Russian Babushka egg contain some useful science-Bible Pearls.

My dream is to educate the next generation kids finding a better job starting a business mostly deep in debt if they graduated. It cost now \$200,000 dollars to get a university degree not needed proven by many young entrepreneurs demonstrating free energy should put to shame many professors in universities.

Applying my advice to 100 global nuclear power stations could yield many start-up businesses creating employment all making a nice profit and solve mankind's biggest nuclear radiation problem at the same time: I am sure it will work. I will soon have some more proof to fulfill my dreams giving free energy to the poorest refugee and those no longer finding wood to cook their meal & hope some FFF donation would arrive.

The rediscovery of free energy of ELECTRICITY generated from Gravity, Solar and Hydrogen has many more application or beat me to the punch - I don't mind? Following the energy trail as outlined in the 9th Babushka Egg on the Internet sent to President Obama and let's focus on the Bad NEWS first to widen a perspective to live a little longer thereafter we track the Good NEWS for making obscene profit.

Technical Internet News: The Bad NEWS Affecting your Life

Why do globally corrupt governments still persist, favoring an evil powerful Oil Cartel? Even worse, they insist on deadly, uncontrollable nuclear power and should have learned lessons from the USA accident at Three Mile Island to solve the biggest problem facing mankind.

Our 21st Century Civilization must now struggle with deadly radiation now accelerating exposed in Chernobyl and Japan, unmanageable, escalating over large real estate getting bigger and intensifying globally creating now panic still kept silenced in the controlled MEDIA.

However, this Apocalypse scenario should convince even the hardened skeptic as it affects everybody's life on earth being evil to the core. Just follow the trail. It's your life being shortened. Do not look at my finger but at what I am pointing to. Most governments in charge being paid off under the table as usual are still lying and covering up that most nuclear power station developed inevitable irrevocable cracks appearing on the bottom of the storage pool. Difficult to investigate with X-ray buried pipes and corroded equipment. It gets shoddier.

The comatose public does not realize computers and disk drives built during the 1960-1980 became obsolete, as spare parts of complex machinery were no longer available and lost permanently the original digitalized data of technical nuclear information demonstrated by a huge fire gas ball exploding in San Bruno Californian forgotten where rusting pipes are buried.

The proof is seen recently on TV that most Hollywood movie film and tapes before 1960 are deteriorating beyond repair. They will be lost for future generations as the technology changed so fast, and no money is allocated from Congress faced with an overblown budget. They just keep increasing the debt ceiling. They will not reduce the high salaries from the class of privilege employed by an out of control, bloated government.

Our American media will not show demonstrations in Greece, Cyprus, Italy, Spain or Egypt and even in the USA. The list is long and needs continued FED bailouts printing money for the class of privilege. In return the people keep voting for the same corrupt bureaucrats fearing to keep their government job or join the unemployment, thus guaranteeing continued government benefits. But emergency bills must be paid. Watch politicians steal our retirement savings, raise taxes and enforce more outrageous fees and fines. Ask where the Fort Knox gold is. The math no longer matching expenses originally meant for service.

Now prioritized toward their bloated government retirement, the debt is still growing as they misapply the funds. Government cannot fix the potholes or maintain an infrastructure, bridges collapsing, etc., etc. Apply shortchanged funding by politicians to nuclear power station is suppressing big problems of buried inaccessible underground installation now leaching deadly radiation seeping into the submerged drinking water. Believe me; soon your neighborhood will be exposed to invisible deadly radiation living near a nuclear station permanently poisoning the food supply forever.

It will get worse many nuclear power stations are leaking into open water or rivers that will eventual poison the ocean. Check the price of fish every month for a good indicator.

Exposing a government failure in Japan seen on German DW TV (4/13) being shocked using a Geiger Counter to measure radiation and questioning why the Japanese bureaucrats have not removed the many plastic bags containing radiated household items still sitting piled up on the open streets with children playing around them.

The public was never told of the 80,000 farms lost forever and the many cancer deaths caused by contaminated nuclear poison. It is getting worse watching on TV flying a helicopter over a large moonscape acreage photographing huge bolted together oil containers lined up and filled with hot, radiated water. Now mostly leaking should have been welded together. Why do panic accidents not make local news being pointed out only by a foreign Media?

Scientists are forbidden to reveal problems to the public being perplexed and confused. They planned to pump the poisoned water into the ocean to stop the irreversible leakage that will permanent radiate the drinking water seeping toward the surrounding mega cities. If spilled in the ocean, it will kill all fish and life terminating the food supply for the next generation. The brainwashed experts must decide which is worse: dealing with three (3) liquefied deep sink-holes formed by million degrees of an uncontrolled nuclear very active meltdown still continuously generating boiling super saturated radiated water like a bubbling Yellowstone Park geyser. They must find speedily a solution to stop the deadly poison polluting globally the whole ocean. If you got already cancer here is a hidden cure.

http://hsionlineorders.net/HTML5/Sacred_Book_S/?pco=LHSIPA34&efo=HSI130709A&xco=XHSIPA34

If the geysers cannot be stopped from overflowing it will be leaching into the underground aquifers disastrous to farmers and people. Why is it kept quite on TV? Japan must choose either dig a deep trench to stop the radiated toxic water from flowing in the surrounding underground aquifers causing DEATH to many hundred thousands city population centers.

Or build a bypass with pump stations to redirect the poisoned water into the ocean, but that will kill LIFE globally for hundreds of years. No more fish and shrimp for us morons living on this earth who allow such EVIL. Just announced on TV (8/13), "Tuna found with radiation in San Francisco store."

My advice as a scientist is a third solution, take it for what it is worth. The problem modern universities and corrupt politician is facing having no answer believing in evolution religion now postulating freezing the earth below the aquifers to stop the flow of radiated water. It will not work wasting billion dollars.

Why not use a method invented 80 years ago by the German scientist Hoffman and split the radiated water into Hydrogen and Oxygen to get free clean energy. If burned at high degrees linked to generators, it gets free electricity. Read #9 Babushka egg concept book to widen a knowledge horizon. Eventually the remaining sludge will get more concentrated becomes highly toxic salt residue as the deadly radiation could now be stored and buried. A container drum storing hot waste was designed 10 years ago but believing in the Bible rejected political by the ignorant atheistic establishment.

Fixing the problem will not prevent the coming Apocalypse prophesied in the Bible. Many corrupt government officials are

itching to start the Japan nuclear power stations again in 2013 to resume the invisible illegal money leakage under the table, which is the real cause of the dilemma flowing to offshore bank accounts of many nameless bureaucrats as people have forgotten the previous nuclear meltdown disasters.

What worked so well for them before still lying to the public will not reveal technical true science to the comatose people pretending to operate in a democratic environment of political stressed meetings?

Many governments with nuclear power stations are in the same boat together getting invisible benefits. The United Nations Energy Departments will be inventing new LIES to keep the power stations operating, or continue to deny and ignore the massive cancer Death suppressed by the silent Media not reporting historic events. Just watch the food supply being poisoned collapsing nearby your neighborhood look to Germany, Japan, Russia and USA, which country is next you will never hear about it in the MEDIA owned by the brotherhood energy oil cartel.

Perhaps the problem could be fixed and prevent worse disasters in the future by applying some collected UN statistic risk evaluation tracking earthquakes. The data shows that earthquakes are increasing at a 400 times higher rate and intensity that could cause bigger nuclear meltdowns resembling the Japan accident. Rapid polar ice melting will according to physics release embedded tectonic stress cycles stored from the previous earth axis wobble measured earlier by GRACE satellites. It will trigger bigger earthquakes based on an improved computer model or else we have a Japan-repeat, refusing to learn the lesson.

To gain knowledge about how radiation propagates an American professional recently was hired, being one of the world's best fishermen, and got permission from the government to get some samples from the surrounding Chernobyl water pools for the Russian scientists to study how it affected fish. But he has very little time, a ticking clock on his belt to remind him of invisible radiation risking his own life.

Being an expert caught a big catfish in that limited time all seen on Public TV. Now Russian scientists can investigate the genetic degradation and after effects of continued radiation suppressed by universities and governments. The Chernobyl death statistics, some estimate a million, will never be revealed. Overnight it became a ghost town of Mankind's greatest evil. It will forever be a lasting monument like thousand-year-old pyramids.

Every nuclear power plant like Chernobyl will repeat the hazard or similar duplicated in the THREE ISLAND accident. It was kept quite from the public took eight (8) years to control radiation from exploding costing billions related to human failures managing complex systems. So many suppressed facts are pointing to a bigger prophesied apocalypse guaranteed to end our civilization. Every US nuclear plant is grossly underinsured only (12.6 billion dollars) and does not cover the past 100s of billions spent on nuclear rod fire accidents nobody heard about.

Liability is nonexistent as the ownership of nuclear power is splintered in many limited corporate partnerships spread among friends and relatives. They just will file for bankruptcy and skip town can no longer be traced disappearing when the subsidized money stopped flowing in their offshore pockets to avoid taxes.

Or could it be when utilities usually managed by corrupted none-technical administration criminal on the take endorsing illegal fake invoices of Phantom Corporation transferring invisible billions of dollars to politicians and their relatives as no accountability exist? Why? Worse paying off professionals under threat of life to keep them silenced to continue the grand theft taxpayers stuck with.

With all the surrounding evidence why do governments still deny cheap energy invented by Nicola Tesla and Hoffman? Why don't they shut down and decommission every nuclear station to save future generations? Why are politicians so corrupt hiding illegal money stuffed in home freezers seen on TV yet never go to prison. Why don't bureaucrats recognize that nobody is qualified anymore watching poisoned nuclear radiation as the many old educated specialists have passed away or gotten too old?

People do not realize for 100,000 years babies will no longer be crying once their home is contaminated. Nuclear accidents will be repeated like in USA, Russia or Japan with many more to come because our governments and comatose caretakers are so ignorant? A warning now forgotten, like Japan's Nuclear "After Effects" written by experts - Pearl #176 (6-29-2011).

Watching Japan and America the system is kept going fuelled by corrupted fossil senators permanently reelected by a brain-dead public funded the old-fashioned way by special interest.

The common people were lied to and never ask do you want those life threatening irreversibly 100,000 years poisonous nuclear death machines in your neighborhood? The younger generation will curse them being so evil. Checking out what the Bible reveals that all mortals must appear before the White Throne after the last day of our Life exposing your innermost thoughts. (Matthew 12:36) The reality of every evil deed will be uncovered and judged according to the ancient laws no longer taught to our next generation children. Watch God's reaction revealed and plainly spelled out in his divine scripture:

Then I saw a great white throne and the one who sat on it; the earth and the heaven fled from his presence, and no place was found for them. And I saw the dead, great and small, standing before the throne, and books were opened. Also another book was opened, the book of life.

*And the dead were judged according to their works, as recorded in the books. And the sea gave up the dead that were in it, Death and Hades gave up the dead that were in them, and **all were judged** according to what they had done. And anyone whose name was not found written in the book of life was thrown into the lake of fire, which is the Second Death. (Rev. 20:11-15)*

Shutting down every deadly nuclear reactor in Germany made good sense. Why is Germany the only global booming economy moving toward green energy creating new business? They found out that many children 5-20 Km around a nuclear power station were born deformed with genetic mutations fast growing cancers heritable linked to untold future generations.

Published years ago, Please read: **Poisoned Power: The Case Against Nuclear Power Before and After Three Mile Island** by John W. Gofman PhD, MD and Arthur R. Tamplin PhD.

Why would international governments not care about our next generation children still so greedy stashing illegal money in

offshore accounts knowing that bankers are experts in stealing? Or favor dirty polluting Coal industry ignoring and grossly violating every environmental law on the book allied to a depraved criminal Oil Cartel causing world oil wars and global chaos to create more business for the elite. The profit is used killing millions by selling sophisticated weapons to uneducated Islam brainwashed terrorist and generals to test them.

The Oil Cartel is still controlling an immoral automobile industry enforcing to maximize a diminishing Oil resource. They never improved the car consumption which could be demonstrated by 200 US patents of modified carburetor to get over 250 miles/gal but the auto-industry will only raise the car price for higher profit. They do not care that the environment is severely damaged moving toward extinction of all LIFE.

Worse why is green energy still suppressed seeing on TV joyful running many trucks even police cars driven with water converted by a hydrogen on-demand generator available in the Internet store? Ignoring history how did Nicola Tesla drive his car all day around with free electricity wireless like your computer or telephone linked to the air? Coming home being shocked fired from his job and told the company was invested in thousands of oil wells. That policy is still enforced in modern time and repeated many times just check this example.

The magazine **ISRAEL TODAY** (July 2013) reported a failure "Electrical Car Experiment Crashes" wasted \$850 million and shutting down operations while ignoring high technology of gold metal award winner electric generators, Neodymium-Boron super-magnets and capacitors technology to name a few obsoleting batteries? But look behind the corporate curtain: management became multimillionaires without selling cars? Cofounders GE and Renault manufacturing \$60,000 gasoline guzzlers do not want to sell cheaper cars like China producing electric cars \$6,000-8,000 dollars not allowed to be imported.

Being a sister cartel converting oil shale by **fracking** destroying many productive farms permanently poison the environment. How greedy evil can you get destroying the environment and food supply for the next generation.

Driving a car without gasoline has three witnesses; one is water or hydrogen the other free electricity. Many hydrogen on-demand converters are available on the Internet store for \$350 Dollars. If you are mechanically inclined I build several in my garage for \$35 using an empty beer or wine bottle.

Said again free electricity is demonstrated by a machinist without a PhD degree seen on YouTube rigged up in his garage a one horsepower motor linked to a generator which runs perpetually once cranked. He has enough left over free electricity to run his bench grinder and drill press verified. Many other young people without a degree on YouTube demonstrating free electricity consequently you must either be very corrupt wasting \$850 million Dollars or is an extremely ignorant executive I am sure not honest ignoring science.

My 9th Babushka egg concept books shows you how to design 16 electric generators and the last one generates enough energy can fuel a Concord Jet with free electricity for obscene profit. That was sent to the President Obama never got an answer or a Noble Prize now dishonored given to terrorist and corrupted government officials. Instead being visited by the IRS and fearing prison retribution God told me gift all your patents to

ISRAEL surviving the Apocalypse meant for a future generation. Being lucky America still allows freedom of speech and religious opinions from the Bible linked to science guaranteed by a fading Constitution.

Now the Good NEWS Affecting your Life

The year 2012 is still famous as it marks the threshold of the biggest science "deception" on the Internet. The many evolution trained PhDs repeating a mantra, NOT POSSIBLE, over and over. That atheistic clatter is disproved by many defiant scientists demonstrating on YouTube videos that unlimited; totally FREE GREEN ENERGY has always existed. Why was it suppressed globally for 80 years?

That can be answered just read what I copied from the Internet (Pearl #240) that accuses our American Government corrupted by many senators in violation of the Constitution in an immoral coalition controlled by an evil Oil Cartel. History of 80 years records oppressing even murdering many scientists in the past century and causing many bloody World Wars continued every year somewhere on this planet, all financed by printed FED money to control exclusively the diminishing polluting Oil energy reserve. Worse now applying **fracking technology** which is deadly to Life will permanently destroy the environment of every farm producing food.

To expose the biggest lie "not possible", check out the various forms of **"Free Green Energy"** now testified by a hundred scientists on the Internet. Perhaps that could make it a little easier for you to understand and impact your bank account saving a lot more money. We all have been mind controlled to pay for outrageous, ever increasing gasoline and utility bills. Instead, we should have enjoyed unlimited green energy like electricity and unlimited hydrogen fuel as the huge ocean is a free energy source globally available. Why is it denied for 80 years invented by Hoffman splitting water with free electricity from Tesla now rediscovered on the Internet as demonstrated by so many honest professionals? Watch the many young people in YouTube videos no longer afraid of LIES and government suppression.

They silently exist outside a dishonored paid-off university forum proving that they can drive their car perpetually with WATER as demonstrated by the many police cars in Southern California. It is made possible by using a hydrogen converter available shopping on the Internet store. Still little expensive, but cheaper versions will come in time. Watch the YouTube videos and have fun in the energy gold rush just started. There is still time to become a millionaire.

If you are little entrepreneurially inclined, study Pearl #240 and become a millionaire copied (chapter10) "Automotive System" could drive your car 100% without gasoline. But hydrogen a much cleaner hotter fuel is at this time restricted by American laws but is permissible only when used with inferior gasoline. Saving of 60% is allowed but needs to reprogramming a car-microchip a simple process to adjust to a higher-octane fuel.

<http://globalenergydevices.com/index.php>

It gets better. To prove free electricity for my grandkid, the principle is demonstrated on TV of charging continuously your telephone with parts bought in your neighborhood only costing as little \$2.00, but you must do it yourself, as entrepreneurs are

afraid of the government sending the IRS. They misapplied their constitutional power even upsetting some senators on TV.

You do not need a PhD degree; just watch a mechanic in his garage use a one horse power motor driving a generator with a belt and once cranked will run perpetually with enough extra electricity leftover to run the grinder and drill press on his workbench. Or a Mexican technician added extra coils inside the electric motor acting like a generator oscillating the current runs the darn thing perpetually. Check it out to verify it, as free electricity is forbidden to be taught in modern universities.

<http://www.nikolateslasecret.com/index-special.php>

This raised the question, "How was it possible to deny free green unpolluted ELECTRICITY to mankind invented by Nicola Tesla?" suppressing his 700 patents. The answer is found in censored history to focus on an immensely powerful Oil Cartel in an evil alliance corrupting the US Government linked to a military complex. Everyone is making obscene profit in unending oil wars, killing millions of families robbing them of their business. Worse destroying the globally economy infrastructure by printing fiat money to steal their last savings.

ELECTRICITY BREAK THROUGH, published by

Moneynews.com/www.Homemadeenergy.org.

<http://www.mysolarbackup.com/>

To discourage low-priced Solar ELECTRICITY, why is it higher taxed from China? But cheaper options exist like three solar backup units (\$2,000 each) combined is enough free electricity fuelling a household obsoleting all transmission and power stations now feared by the energy provider trying desperately to stop it. Why are so many Solar Corporation financed with billions visited by Obama filing for bankruptcy after only 3 month with the money gone? Likewise why ignore 16 Ultimate Renewable Energy Engine generating unlimited free energy for bicycles, cars, trains or jet-airplanes described in Babushka egg concept book #9? It would demonstrate for the skeptic an unbelievable ∞ energy source just observe the many galaxies in the sky burning with thousand lights energized with unlimited Magnetic Gravity. If used on earth could be harnessed to cheap electricity no kidding. To proof new science discoveries to be better educated must employ a forgotten Axiomatic-Empirical Methods revealing updated fresh concepts describing nature from a 360° perspective.

www.commonsciencescience.org

Suppressing knowledge in physics has consequences leading toward a degenerated MIND prevented to think in logic believing the many lies will thus experience the effect of Newton's laws causing the oldest Western Civilization based on forgotten Christian principle to self-destruct.

The process already started with the global environment collapsing following irreversible the laws of physics. Being worldwide brainwashed in what Hitler and Goebbels pioneered MIND control designed for politician to make the masses ignorant and malleable controlled to get extremely wealthy. Worse they have finally succeeded in transforming the ancient Bible laws defining good and evil, in exchange for "relativism" enforced by the atheistic US Supreme Court denying the existence of absolute laws.

This will trigger a collapse ushering in the global Apocalypse prophesied in the Bible. An atheistic generation programmed

denying a Creator will harvest what was sowed now a forgotten principle consequently no longer using technology for the benefit of mankind but disrespectful destroying massive LIFE causing much GMO extinction. Watch the food supply collapsing should not blame God denied to exist as all became relative.

That will change the beautiful fabric of diverse ethnic societies into one computer controlled evil dictatorship. Concluding with many intense global wars, it will be unavoidable to witness GMO extinctions causing worldwide to crumple the food supply and trigger the apocalyptic Four Riders to leave the barn in Revelation. To continue LIFE on this planet it is necessary for the ELOHIM to intervene still around to stop mortal mismanagement and stop the many lies in spite of global denial that he exists.

The Next Harbinger Projection

We are now in the middle of the Apocalypse one way or another; politically it seems globally very quiet. The Stock Market casino still operates for the class of privilege. Many forgot the irritating Jonah's WARNING. The World Trade Center rebuilt bigger, but being a scientist I wonder why America is still the greatest world power, not being the main player missing in Bible prophecy?

Watch the link to physics and weather stations visible on TV the eye of the storm clouds growing. It too is very quiet in the center of the hurricane, like the middle of the Apocalypse. Because it is moving, it will get mighty windy again as learned from New Orleans disaster, but this time it could get worse.

It will start with the Four Horsemen in Zechariah 6:1-7 echoed in an identical second witness 600 years later in Rev. 6:1-7. It will set into motion the other half of the Apocalypse with unstoppable events causing the DEATH of a quarter world population, which is 2.8 billion, a lot of people. From an apocalypse prophecy perspective, a creditable science scenario could be postulated. I previously submitted some Pearl references vital to know if you want to live a little longer. Be informed from another possibility source Electromagnetic Pulses. (Pearl #175-10/11)

<http://www.independentlivingnews.com/2011/10/25/scientist-s-warn-solar-storms-to-threaten-civilization-soon/>

The next Harbinger of what Rabbi Cahn revealed in his book would be the screaming global headlines linked to science, which could be a precursor of a dirty A-bomb that may soon become reality. Exploding high in the sky, gamma-beta-rays will fry every microcircuit chip for hundreds of miles from computer-data centers to electrical transformer stations. Perhaps a cheap North Korean rocket exploding from a boat sent into the air will change our world forever. Iran could use its first A-bomb to settle an Islamic hatred directed toward the big Satan in NYC or Los Angeles. Worse, Iran could use the threat of an A-bomb on the Saudis to shut down 57% of the world's oil supply going through the Strait of Hormuz to blackmail Europe and China. That scenario could start Armageddon prophesied in the Bible.

The resulting massive radiation of Beta-Gamma rays generated from a dirty A-bomb will fry every microcircuit chip for hundreds of miles linked to computer-data centers and electrical transformer stations. A TV program "Forecasting the End" tells us we get about a 2 gamma ray burst a day generated in astronomical terms next door. They travel at the speed of light

and cannot be tracked. Some outbursts seen by the Hubble telescope are astronomical in size, and some believe they caused mass extinction spreading fast around the entire earth at high risk.

Our modern civilization has reached the point to be highly vulnerable even in small amount of gamma rays would be a disaster which could fry every micro chip controlling 99% our high technology anywhere. Every child in America cannot be seen without a computer wireless connected linked to thousands microchips which changed our culture.

Either way everything around us would come to a total collapse, as electricity was the driver, controlled by billions microchips now no longer working and will force us back to the time of 100 years ago. I hope we find some horses for transportation and learn how to store food like my grandma did. It is unthinkable to be without a functioning Visa card, a car or truck transporting food will not run on a dead micro-chip, no more banking to get my money, water pumps and sewer not working, hospital care stopped: all mired in a permanent total electricity blackout for a long time already forgotten what happened recently. TV mentioned from Canada down the USA corridor East coast to NYC some lasted two weeks to restore.

When longer would create vast colossal starvation exploding with uncontrolled horrible crimes on the streets. A black-out can no longer to be seen on TV causing daily looting and murder remember Watts in Los Angeles will accelerate, waking up the many Islamic sleeper-cells to continue the Islamic Spring in America, repeating pressure cooker incidence in many cities.

The Four Horses in Revelation will unleash a global military revenge responding big time but will paralyze a modern warfare to manual if that is possible to fly an airplane or missiles. The cut-off Internet or satellites will guarantee accelerating global instability as everyone was connected to computer controlled equipment including the military struggling with sophisticated technology. The worldwide telephone and Internet will be greatly reduced creating massive chaos. Homeland Security bureaucrats will not be prepared for those gigantic shocks. Do not count on it.

Worse, the radiation rapidly spreading globally will cause a chemical reaction in the air converting to lethal Nitric Oxide responding in a thick brown smoke layer damaging the food crop for hundreds of miles causing a climatic winter freeze. If you had listened to Jonah's Warning, perhaps you could prepare to survive, or read the Bible verses once more, linked to specific Babushka Pearl or book. My own guess, watch the last Harbinger Shmita will soon arrive in America barely surviving.

However, to convince a skeptic we should examine what the Apocalypse is by investigating it with the tools of science. Would you accept if it can be proven in your neighborhood right now and acknowledge its visible verification we all can agree on, causing your premature DEATH? Be alerted. Follow the News in Japan or the Islamic Spring. Everybody's future life, the next generation will be affected. Tracking the trail to sum up our high technology heading toward destroying our civilization is described next. There is a second witness in Internet town square forum, or watch a video: NASA Alert America Blackout & Grid Shutdown 2013.

<http://www.offthegridnews.com/2013/10/03/nasa-alert-america-blackout-grid-shutdown-2013/>

Pearl #233

Hidden and Shocking - Ending our 21st Century Civilization A Metaphysical Observation

Copied and abridged from the 7th Babushka Egg Concept book - What is the Time Dimension (10-10-10) written three years ago and compare it with today's headliner verifying science projection.

Our civilization will be ending shortly with an apocalypse for reason mentioned and explained later in **Part 2**. Mankind has come to the point where Good and Evil is no longer differentiated but enforced on society a Third Option merged into "Relativism" changing globally the moral values emulated from an atheistic Hegelian- Marxist- Capitalist- Socialist- Elitist philosophy into a computerized oppressive One-World-System.

However, our global society will be measured against God's standard has become totally evil ending my story with a mirror to reflect reality what will happen in the next few years. The black storm clouds already have gathered. Most prophecies have been fulfilled only one more, a morning star to announce a new day.

The dawn of a new civilization God's Kingdom on earth is on its way seeing the total destruction of our environment and massive extinction but evil mankind cannot see it brainwashed by evolution fairytales no longer capable to think in logic. It also caused theological confusion about the Apocalypse, yet it is well documented in the Babushka concept books.

It is even dated from science visit globally museums exhibiting ancient bronze-gold clocks, ending our civilization, which was planned before mankind linked to the formation of this earth in 4488 BC if you do the math applied to our knowledge.

Satan, whom God appointed to teach us evil, affects us all but his school to teach mankind is abridged by our mortality. He is only allowed a certain time to expose us with evil so that we can learn lessons applied to eternity needed in the after-life.

Every mortal has a preset time recorded like two birthdates embossed on our tombstone destined by the Elohim, some being very painful more or less depending on application for higher position in his administration. It was portioned out according how much was needed for a future life on the other butterfly side as illustrated for grandkids nature's caterpillar-cocoon example teaching us the invisible metaphysical realities.

Evil is a great mystery now exposed a little in this Babushka egg applying science. Searching science magazine revealed some unexplainable facts difficult to make sense, but our

limited mind needs to trust our Creator that all what happens on earth is under His control being allowed for a greater purpose.

To survive the apocalypse God will provide a boat again like Noah saving his family because he trusted God. Being forgiven to enter the Promised Land many will experience miracles perhaps some may get an individualized canoe to navigate a descending apocalypse waterfall. That example gives us hope. Read Billy Graham's Prayer to the Nation. (Pearl #141)

The Apocalypse is scary, but only God can get us through it. The golden thousand years of peace will arrive shortly after. A birthing process is painful, but will fade away as the next new civilization will take over, embedded with hope and prosperity for all of mankind. For the first time, evil will no longer be allowed in God's Kingdom on Earth. Satan's school to teach us evil will be closed down, and the teacher will be bound in the abyss. Satan is the last actor leaving the stage before the Time dimension curtain falls.

Looking behind the Time Dimension curtain reveals what is invisible to the spectators watching the major players getting ready for the final act that is the glue of the creation story. Satan has controlled two previous civilizations, but he is not allowed to mess up the last one. That third civilization for mankind is on the horizon and will begin after 28 September 2015, which is based on many witnesses. Check Pearl #246 - The final Proof.

You can check it out in the Babushka concept books. In the Gospels recorded 2000 years ago, Satan tempted and offered Jesus all the kingdoms on earth if He would acknowledge that he was co-equal to the ELOHIM to be worshiped. He never changed his mind and tried once more to defy God the Elohim in this civilization in utter rebellion and defiance.

But Satan's final time will terminate in a Kosmos Apocalypse by Michael's army ending the war in heaven. Now forcefully exiled to earth, Satan will continue to war with his underworld demons being morphed human, but he will be chained to the nether-prison as predicted by the Hebrew-Aztec calendar after **25 July 2015** much is detailed in Revelation. It closes the creation theater curtain ending the story similar to the Atlantis Civilization in 2288 BC recorded by the Aztec culture as a fifth cycle parallel to the Daniel's stone from heaven. (Dan. 2:34) It will end in fire rain terminating our technically evil civilization on **17 September 2015**. The Bible speaks of many more events that I assembled in detail in my second Babushka concept book, **Mystery of Tammuz 17** to broaden our horizons and understand God's Plan for Mankind, never preached in church using natural science to embellish divine revelation.

Mortals have been linked to Satan ever since Creation. We have coexisted in parallel, involved in a battle of good and evil. That battle started with Adam and Eve in the Garden of Eden around 4004 BC as proven with ancient clocks exhibited in museums. Historically, Satan has caused many wars to derail God's plan for mankind. The story ends with a final confrontation at Armageddon now projected in many TV programs. Most

people only have a vague idea from the biblical perspective and its implication of evil opposing God Elohim, the Creator.

Satan again will face Jesus in his last confrontation, and will appear shortly. The last showdown of Armageddon has been dated using the ancient code of the Hebrew Alphabet Number System (HANS) with Satan trying to convince God Elohim that he is superior to Jesus, His favored Son.

Please be not offended by what I observed looking behind the metaphysic curtain of the cosmos drama theater. It is acted out by the main performer from a Bible perspective, which I did not invent, as I am mortal just like everybody else, but discovered out of curiosity. As a kid, I turned over a number of rocks on a walk with my parents just to see what moved under and have never changed my habit investigating science and religion. What I see under the rock is subject to interpretation but reflects the time we live in and applying its logic could see how it ends.

Satan's Final Meeting with Elohim

Toward the end of the apocalypse, Satan will confront God once more and say something like this:

God you should accept that I am equal and more powerful than Jesus. Remember, I use to be coequal in ancient times. I was number ONE named Lucifer previously highly honored in your administration and ruled all the kingdoms on earth ever since.

Being demoted not my fault but still controlling Mortals making them do what I want guided by my faithful demons everywhere in strategic locations. As a matter of fact, very few around the world are still loyal to you. They have forgotten your Bible oracles thrown out of the classroom.

Look around globally and be convinced and acknowledge the many facts that I circumvented the Babel confusion event and created a united, atheistic computerized New World Order once more, which became my willing tool to screw-up nature, whatever was leftover from Noah's Boat (2288 BC).

My loyal demons achieved and succeeded in training many faithful, stupid Mortals who were educated and brainwashed in my atheistic evolutionary religion I invented. Their entire science endeavor and resources were used only for one purpose: to destroy and mess up your creation check it out the global environment irreversible doomed for extinction.

They even financed it with phony, worthless, printed money that was mostly applied to high technology, which was destined for the absolute annihilation of mankind, including all biological life on earth. I made sure that they are well educated in my religion, groomed by special demons that are skilled in deception. They were placed strategically alongside every atheistic politician and scientist and taught them my science fairytale evolution version, which was dovetailed for destruction no longer teach logic.

My kingdom power is unequalled next to the Divine, as my demons succeeded and taught mankind again how to genetically modify every food you saved from Noah's Ark. That was made big global news on major TV (5-21-10).

Creating life in the laboratory by mixing DNA genes was heralded as the greatest achievement of science. On one side ignorant scientists waste resources by smashing atoms with more powerful cyclotrons that started with SLAG now

improved with a really stupid CERN; nevertheless, others are more educated to discover that atoms, rather being smashed to junk, are controlled by an invisible embedded intelligence code attached to every DNA forming 80,000 proteins.

They think they are creating something new, which is not possible. They can only borrow energy and mix intelligence codes from what already exist being now very close to repeating what was done in Noah's time once more. They have already spliced out the reproductive genes and learned the process of cloning, and are programmed to do it again.

They became successful, by starting with sheep. Now sheep are twice as big having lost its inclusive taste being mixed with other genes of bigger animals, all aiming to make more profit. I financed the research, which is getting better now, since they have cloned most vegetables, but it makes more headlines when modifying cows, pigs, chickens and turkeys and to make more profit succeeded producing imitation meat-hamburgers. It is already used in hot dog-ersatz created in synthetic production laboratory from stem cells.

They are very close to ultimately creating half-human, half-animal again, which is reminiscent of cloned mermaids. It was demonstrated in an ancient monument a Sphinx-human-lion dug up from sand and silt caused by the flood, to show their accomplishment during the Atlantis civilization in 2288 BC.

I caused people to laugh and make jokes about the Bible. That was a good method for countless to be lulled into complacency and to become comatose, in order to deflect the danger. They are trapped and no longer care to save some original seed. I made sure that many atheistic lawyers were motivated by greed in order to enforce gene patent laws that would accelerate gene modification which can no longer reproduce its specie.

Forty years ago, the US Congress hotly debated genetic technology being upset when they saw babies genetically modified without arms and legs missing. But a new GMO industry was emerging at my direction using genetic body parts needed in budding gene laboratories.

They were at first shocked when asked by scientists if they would be allowed to legally harvest organs used for transplants and other experiments by declaring the armless and legless babies' non-human, being terminated right after birth.

That ended in a compromise by allowing abortion mills well financed by subsidized taxes, which allowed them still to use aborted baby body parts skillfully divided and spliced into various useful genetic material inside the womb. With high-tech instruments they have ample supply available of the genetic material for a new emerging DNA research and technology.

The Supreme Court decision influence by my demons was helpful for the specialized industry of many laboratories hungry for more gene material around the world. They asked and got permission for much-needed human body parts, now plentiful available from the 50 million babies killed in America bypassing the US Constitution made to be useless now relative.

Ever since they have pushed the envelope for more developed, bigger body parts past the fetus stage. Check out how the US Supreme Court opened the present abortion mill laws in American killing babies in dirty facilities just born witnessed on TV never upset the comatose Christians sleeping in church.

Being less restricted is helping the new emerging gene industry hungry and profit motivated for more fully developed transplant organs with embedded stem cells secretly harvested inside or outside the vulva. But it will not matter anymore in a few years. I am looking forward to the end seeing my plan of extinction finalized I make sure the public will never find out.

The biggest surprise is waiting. That is, when people discover that original seeds will not be around any more. They will have been genetically wiped out. They have as a society forgotten about the Noah boat story saving seeds for a future generation.

Notice most food items show a control number stuck on every fruit, vegetable or seed? Now they are much bigger in size with more water embedded and tasteless to fool the consumer.

All is motivated for higher profit to keep the stock market casino busy to finance future wars. Therefore, Mortals do not even notice the food became enhanced with chemicals and artificial colors and systemically embedded with pesticides in the cell level allowed by the FDA, but they are dangerous to eat.

Worse yet is that the public is kept ignorant when the immune system policeman was spliced out on the cell level. It will cause many to die and get sick on strange diseases, a hospital puzzle.

Many already are getting infected from salmonella and E-coli bacteria, which now have unhindered access as the policeman protecting the specie intelligence information was spliced out. Resulting in many diseases generated from bacteria and viruses combined with various swine flu versions have now unhindered access bypassing the immune system creating premature death. Worse scientists mixing new strands of superbugs cell material for the benefit of pharmaceutical corporations to make obscene profit manufacturing dangerous useless drugs.

The comatose consumer will never know why the food has changed because the atheistic FDA government I corrupted is controlling everything. Food will become obsolete for the next generation, which is terminated by my superior strategy.

To make absolutely sure my demented Geneticist¹ using modified chickens to implant dangerous genetically customized pharmacies and discovered that eggs produces drugs much more cheaply all for higher profit and should never be eaten. If you wondered why recently massive chickens were rounded up to be destroyed by government agent dressed in white space suits and goggles searching 300 farmers in Asia and in Germany thousand geese shown on TV revealing my success.

Because humans are stupid, not deterred by a million eggs recalled recently was just a trial for a bigger impact linked to deadly embedded pharmacy and spreading lethal salmonella and E-coli bacteria and viruses accelerating big time. Many animals are now treated with massive antibiotic substances on feedlots to enhance many superbugs and Mad Cow Disease embedded in meat no longer investigated by the FDA protecting the GMO cartel. It will terminate in cancer death going through the roof costing billions skyrocketing even Obama cannot fix. Once a cow has been injected with Monsanto's rBST mixed with strange pharmacies will produce higher milk output but causing puss in milk that can only be countered with dangerous hormones to save the cow.

It will then be injected with massive antibiotics, which will damage the immune system of kids affecting in early death. The result is demonstrated by the medical profession being baffled by so many schoolchildren made dependent on dangerous drugs. Doctors are unable to keep track of new drugs accelerating worldwide linked to bizarre diseases. It is countered by useless, unsafe mind-altering drugs creating disabilities from childhood.

For more profit producing cheaper powerful drugs other vegetables can be genetically modified especially easy is corn, potatoes and eggs used in processed products now loaded with chemicals and outright poison and made sure that my friendly FDA will not enforce gene labeling laws being rewarded by the GMO cartel with generous bonuses. But if forced to label a simple backed cookie has 40 dangerous chemicals embedded in tiny print to fool the consumer being ignorant of GMO.

Check the science statistics. The public is not informed that if GMO is introduced into the environment only one time, it can never be controlled by brainless bureaucrats. The basic food - meat, vegetables or milk production around the world will become totally screwed up all for higher profit for the GMO cartel. All fingers point to the FDA approving a hellish recipe for massive disappearing of organic grown food linked to starvation² accompanied by horrible painful deaths.

I made sure nobody would know that the food production could end suddenly as I exclusively united in a consortium all international gene corporations and created a Monsanto cartel octopus controlling globally the other deadly sisters. They are favored by a corrupted FDA which is totally loyal to me together utterly control every aspect of farming worldwide. Unbeknown to the public will screw up every original seed production facility for farmers embroiled in expensive lawsuits.

Therefore, the whole world is dependent on only one gigantic, global mega billion-dollar octopus cartel skilled in cloning and gene-modification changing every original seed for farmers, which has permanently modified all reproduction laws of nature and is now geared toward total destruction becoming extinct. They spliced out the original reproductive gene intelligence, to be lost forever once gone replaced with terminator genes to make you dependent on Monsanto's seed for higher profit.

My demons will now push for inferior cloning with the missing reproduction information spliced out that will no longer replicate the species surely will prove my power over mankind. When original seed disappears according to nature, many farmers will no longer grow food for the next generation ending forever what was original created. Massive starvation will follow ending mankind guaranteed. Remember, I Lucifer blinded many to make sure that a powerful cartel will always pay off judges, politicians and lawyers making them instant millionaires. Not even governments and UN World Court can restrict GMOs, as it will be impossible to remove foreign genes.

Once GMO is introduced in the environment enforcing patents making obscene money automatically nature will reproduce what was artificial put in like operating a computer; "garbage in

¹ The 4th Babushka book, **Genetic Modification Exposed!**

² www.FreeDocumentaries.org offers thought-provoking and entertaining documentaries on the Internet, airing *The World According to Monsanto*.

gets garbage out". It will end into extinction in one generation assured by the natural process of forgotten Newton's Law.

Most high court judges are comatosely stupid and do not understand GMO technology enforced by powerful global cartels who will always favor gene patents to the detriment of farmers. They have no choice to retain their own seed because a terminator gene was inserted, which makes it impossible to reproduce the next time around by a regulated food production.

Nature teaches when original seed can no longer be obtained as seed pollen will spread over to the neighboring fields with foreign embedded genes will contaminated reproduction of the next generation. Poisoned pollen will kill every pollinating insect like honeybees disappearing. Ultimately every farmer must pay a big patent fee to the corporation if only one single gene is embedded in the whole field as tested in a Supreme Court case in Canada, even though it is impossible to prevent genes from migrating to adjacent fields. That alone creates gigantic profits automatically for the cartel and only needs corrupted lawyers to police compliance linked to the threat of expensive lawsuits the farmers cannot win.

It gets better protecting my willing GMO cartel in addition, every farmer must sign a contract giving up all rights extending 100 years forever and is forced to buy seeds and specially designed fertilizers and pesticides only from the cartel to have a crop for the next year, which legally can be enforced by my friendly Supreme Courts following my orders to make sure my GMO extinction recipe will end globally the food supply forever.

My hellish GMO technology was greatly improved now to require that every seed continuously is using more fertilizers and pesticides increasing the profit for the cartels because the internal gene intelligence is programmed toward extinction. It was found out by some clever Japanese scientists but it will be too late when the rest of the world faces the soon coming Armageddon as time has run out since nature is not forgiving.

The fun is on my side for a double big bang will coincide with Armageddon because at my command I will cause the Monsanto and the sister DuPont-BASF cartel to totally collapse into bankruptcy, such as experienced previously by hundreds of banking institutions and insurance companies, remember NYC in 2009 starting my version of the apocalypse much fun to observe international confusion. It will get better watching a US government shutdown creating worldwide financial chaos.

Globally have more surprises. There will be no more bailouts causing the world currencies to collapse when found out the gold is missing in Fort Knox upsetting the Oil Cartel. Therefore my initiated programs causing massive extinction will totally destroy all food from this earth forever. Thus, the only place where life exists now will be forgotten through my effort and permanently terminated for the next generation of mortals.

To make sure my program is not diminished someone published the effect of modified food "Pesticides at war using chemicals that kill. Every year 220,000 people are killed by pesticides worldwide is the glue³ of future massive destruction.

It was countered by disinformation I am good at. The public is unaware of my massive corporate caused genocide: the slow motion the killing of people through their food for super profits. To maintain these super profits, I usually spread lies to convince the experts that without pesticides and genetically modified organisms (GMOs), there would be no food. Being ignorant and stupid they believe it, hook and sinker. In fact the conclusion of the United Nations International Assessment of Agricultural Science and Technology for Development has shown that *"ecologically organic agriculture produces more and better food at lower cost than either chemical agriculture or GMOs"*. I made sure it is forgotten spreading disinformation to confuse.

Seen on TV we see many salmonella attacks with massive numbers of people getting horribly sick and dying. It is caused by Monsanto's genetic modified corn and grain also used to produce eggs feed to chickens. But was successful hiding a number of tests covered up by the FDA feeding Monsanto's modified corn to rats' shows large cancer ulceration proving my food destruction program is working as planned. The list is getting longer. In August 2010 TV announced a million eggs recalled with salmonella greatly pleased for an early success.

Followed by 2013 the CDC was alarmed by seven new strain outbreaks of Salmonella I morphed genetically to be more potent to wreck existing drugs. Three months prior to that, three big factories making peanut butter family owned for a long time closed down in Texas found unavoidable my favored salmonella, followed by tea production in San Francisco.

More was shown on TV tomatoes, jalapenos, and had fun watching my early test with spinach in Watsonville California blaming some cows on the hill only 28 people mostly kids got killed but thousand ended sick which baffled a confused ignorant establishment not investigating the many genetic changed salmonella- E-coli bacteria side benefits.

Eating GMO vegetables cannot be avoided anymore as I made sure that stupid organic farmer do not know the difference what is organic and modified genes which caused many bankruptcy of harvest failure consequently will be killing massive people in the future believing my GMO lie?

The list is endless. GMO rice poisoned thousands in India and killed thousands sheep and buffaloes. The rest of the world is never mentioned on TV. Some people wake up when they get sick, but that will be too late as lies are more powerful which is the glue when judges are paid off with obscene profits. The roadmap was permanently redirected which will derail Your Plan for Mankind because I am superior.

Additionally, it is getting better my demons boast controlling stupid Mortals, who literally dig their own graves. We have re-engineered toxic bacteria that is more deadly genetically and which has been dug up from the graves in the cemeteries from the Middle Ages by my loyal scientists, in order to build 10,000 biological bombs, but are a thousand times more lethal. Using genetics combined with deadly cell material extracted from decomposed bones from those that died from the Black Plague.

My favored scientists build biological weapons guaranteed to finally put an end to all of mankind. I stored much poison in America became atheistic in just one generation rejecting the Christian faith. But gained more favors in the UN of my Iran-

³ Excerpt from Vandana Shiva's, "The Killing Fields Of Multi-National Corporations", The Asian Age, July 14, 2010.

Syria protected Islam religion worshipping me as their god. My Islam religion has grown to one third of the world population plus the other third became atheist's getting bigger proven to be superior to your Christianity many are ineffective comatose.

Perhaps could now be merged into one **Chrislam** under my control. The Vatican has a new Pope and is open to have peace at any price. I made sure that thousands of bio-bombs stored and supervised by demented, brain-dead bureaucrats loyal to me to make certain that all biological life globally will be terminated a thousand times over at my command. Exercising my invisible power only a superior leader is able to control globally this atheistic computerized world system impossible to escape as all have a SS control number watched by my demons.

The ancient Bible prophets were pretty good describing eyes falling out from their sockets while still alive. I can do better with modern flesh-eating bacteria far superior and will be so much fun to watch how it performs. Millions can be killed in just a few days. I am just itching to get the prophesied signal to start Armageddon my demons helped to prepare.

In another early success we created super viruses when some of my demented scientists mixed Polio serums with my newly manufactured AIDS viruses. Unknowing UN health workers inoculated children worldwide, especially the poorest ones in Africa to study the lethal effects for my coming World War III. It was meant to control unwanted population but cost the UN too much money. I put fear into the richest moguls to finance the research believing that overpopulation is not sustainable. The result on both fronts is massive dying of undesirable, inferior sick and black people denigrated by UN planners straining the budget to finance my Armageddon program.

Globally most societies and especially universities are unaware that free electricity existed 80 years ago discovered by Nicola Tesla. When the German scientist Hoffman invented infinite hydrogen energy by splitting water with a simple method, they denied that huge resource of energy for the whole world.

It took a lot of my Satan-power to make sure it was suppressed by my friendly American Government using the mighty military industrial complex linked to its police power down to the kindergarten level to brainwash people to keep the energy Genie in the bottle. They favored OIL and Coal because is so destructive to the environment easy to poison the water and air causing massive extinction I was much pleased from the result.

But for extra bonus rewarding me as their leaders kept killing billions creating continued energy world wars remember the first-second world war working toward the third getting much better destroying infrastructure, creating worldwide chaos destructive to the environment. Energy wars aimed to destroy LIFE not found in the universe stupid atheistic scientists never figured out.

Some of my demons even surprise me because they are now extremely educated with hi-technology, which was invented by mortals. When I found out, I personally supervised and directed them to build gigantic microwave antenna facilities (HAARP) in remote areas nobody knows exists. They are hidden in Alaska, Norway, Russia and China, which when turned on, will heat up the jet stream in the stratosphere, deflecting a moving jet stream containing billions of tons of water circling the earth. It can change weather patterns, with one side experiencing drought and the other side, horrendous flooding.

In fact, it was checked out recently and tried several times and it works. The Chinese caused horrendous floods in America, which the Americans countered with floods in China. The Russians are in the middle and want a part of that action, too.

They all crave control of other more powerful weapons at the cheapest prices for maximum destruction.⁴ The UN Global Warming meeting provided comic opera. The participants were confused about the weather and fought over stupid illogical opinions with each atheist scientist trumping over another - each hoping to be rewarded with a Nobel Prize rewarded now even to terrorists and corrupted government officials too.

These meetings usually end in a commotion that sounds like a disturbed turkey farm. They do not realize when their own military government secretly manipulates the jet stream with microwaves. The generals watch the global reaction of confused turkey scientists blaming it on carbon gas, while also fighting who should pay more CO taxes to raise their salaries.

And for an added benefit, directing and deflecting microwaves to earth can even cause earthquakes as demonstrated on TV. It really messed up Iceland the last spring of 2010. It cost billions, ashes erupting in the stratosphere stopping air traffic and damaging the economy. It can be traced to a Norwegians experiment with their microwave facility that needed a little more fine-tuning in order to make it bigger. Watch a rerun on the educational TV or YouTube if you do not believe me.

Recently, my atheistic scientists demonstrated for the ignorant public how a rock on an incline is moved and dislodged with a little microwave energy, which has never seen before and was new to me, too. Some geologists discovered that sending microwaves into rock strata would start an earthquake that could be turned off and on, which surprised them greatly now accelerated into a very useful weather-changing weapon.

This extraordinary technology could be implemented as soon as the atheistic ballplayers, who hate each other's guts, caused a gigantic global drought that could last years for maximized effect linked to horrendous food shortage. The UN should notice the rising of food shortage caused by GMO was scheduled to end in my Armageddon food crash planned a few years later after 2013.

Magnetic resonance useful for electricity ignored by science has many more applications and could be demonstrated to kids with a small music speaker paper cone linked to an old junk radar generator. When it touches the main steel beam of a building, it will cause the massive structure to resonate at a certain frequency adding a little energy at a time getting bigger.

The amplified resonance frequency eventually creates tremendous power similar to the generation of free electricity, a useful principle I try to hide from ignorant governments. The critical resonance frequency could also implode buildings by loosening bolts as it channels the energy just like Nicola Tesla discovered free electricity. But imploding skyscrapers is more fun to watch a comatose public never noticed demonstrated on TV 9/11 that a third IRS-Supreme Court building collapsed amazingly not hit with an airplane to fake an implosion but mysteriously buckled too with the other World-Trade-Center skyscrapers?

⁴ National Geographic Magazine TV aired (5-18-10) Direct TV

How could three steel buildings implode still a kept mystery? It proved that my demons are successful as the real reason was to create new government departments not controlled by the American Constitution, at the same time destroyed the records of people loyal to me in conflict with the law which needed to disappear now camouflaged in the same incidence. In a few years, all the bugs will be worked out to eliminate a Christian-based US Constitution for a final show down. Watch NYC, once more, starting Armageddon.

A secondary benefit of tele-microwave is that it can be misdirected and deflected from the stratosphere to bounce back to earth like telephone transmission but not quite in control yet, is that it can even start a localized fire on top of a metal tower. It works like an antenna illustrated in a Nicola Tesla picture, concentrating energy, as seen on TV in the Gulf of Mexico.

It caused a massive oil slick, when a mystery fire exploded on top of an oil platform tower. This event was followed with massive pollution just the gunk needed destroying all marine life ending the food chain and made worse spraying detergent to poison all life down to the bottom of the ocean. The oil slick could have been prevented by just welding together a hollow steel pyramid with a chimney on top put over the leaking oil well. If a hose is connected to end in a boat could simply separate the oil from water with a centrifuge. That idea was sent to five TV Media stations but made sure it was suppressed by the management making more profit from contrived disasters designed for a mindless TV. A stainless steel, double hollow pyramid inside the storage vessel applied to deadly radiated water could solve Japan's nuclear problem.

The Oil Cartels manufacturing detergent for a double profit is useful hiding oil leaks dissolved around platforms greatly destroying the ocean environment I am much pleased. That causes government to buy massive detergent from the oil cartel to hide pollution getting more rent, a really cozy deal for bureaucrats getting paid, too. Nobody paid attention to Australian TV showing massive foam detergent on beaches to make sure fish-life disappeared, already horribly expensive. A once vibrant dolphin, called "Y12" by scientists, may have paid a terrible price for the devastating BP oil spill in the Gulf of Mexico.

And for dessert, just to make sure that all is destroyed, we have thousands of nuclear bombs assembled and controlled globally by corrupt governments even tiny North Korea has an untamed nuclear arsenal. Demented scientists have invented the most deadly substance - plutonium ever created on this earth and needed million centrifuges made by Siemens to be extracted.

All is ready for a stirred-up chaotic Islamic rebellion with well-trained terrorists, young stupid kids totally loyal to me. Islam elevated me to be their Allah-god. I am honored; therefore, I have elevated that religion and placed it in the center of global politics controlling the global Oil reserve energy. I made sure that free hydrogen energy and electricity is still forbidden.

America has now an Islam President and his cabinet is loaded with the Islam brotherhood known to be terrorist to destroy the Christian culture from within, as most people are comatose mostly sleeping never noticed. Christians voting usually for atheists affright of conflict have been lulled in believing they will escape into thin air taught by my mislead pastors I trained.

Many theologians are friendly to me, so I will keep them confused. Since the Middle Ages, I've kept them divided by stupid unimportant doctrines fuelled by deceit, spread by my demons and employed in seminars. To confuse my special demon scholars help modern Bible version to be mistranslated. It has been very successful watching prophecy conferences, being blinded therefore will not listen to the Jonah you send they now believe my twisted lie the Apocalypse is still future.

But Islam is special to me, my willing favored tool that I created. It took me 600 years to thoroughly brainwash its followers being better skilled to hate and murder now with high technology. They will even bump off their own children with a bomb strapped around their body blowing up seen daily as cars is their favored toy following my Koran to the letter. My demons taught every little kid how to operate a machine gun destined to end their culture useful to continue the Islam Spring destruction to be finalized in an enormous uproar around Armageddon as planned I am looking forward to enjoy.

It will end a Western Civilization embroiled with two billion brainwashed souls who are hot for action not equaled in history. They expect me to appear to be their leader in order to elevate Islam to a worldwide religion and wipe out the others especially Christians and Jews but they are fooled by another successful lie, which I am good at. Burning Christian churches and businesses has become a public spectacle meant for TV only 10% still around aiming for total elimination in Armageddon.

To prove my success, notice the statistics in Iraq, Syria, Iran, & Egypt the many burned-out hundred long established Christian's churches now empty and booming businesses disappeared all will end like Bethlehem Jesus birth town. Israel finally gave in 15 years ago to be managed by Islam with a mixed population of 65% Christian and Jews. Today my demons achieved 1% to disappear forever. My recipe works spreading world-wide destruction of death even sleeper cells in America unavoidable will be not be an exception.

In many historic Christian countries I made sure that people especially in America and the rest of the world have thrown out your Bible oracles in every classroom and government. They are now forgotten, in just one generation. Instead, they believe my superior atheistic evolution fairytales and have become totally comatose and void of any remnant education from the past. They will no longer be well informed lost the ability to think in logic which is devastating for the new generation kids will never know what is happening.

To further destroy a Christian culture my atheistic Supreme Court of America totally controlled and loyal to me made laws to allow killing over 50 million babies in America since 1970 copied throughout Europe. They are ignorant not educated in fertility laws which spells out any culture below 1.8 ratios is doomed and I made sure it is now even lower 1.1 and Europe even worse 0.9 being brain-dead and will not understand it why? But helping my favored Moslems are little smarter having 6-8 kids subsidized by many governments flooding Europe.

The Christians will be no better off comatose to fool, since they still embroiled in many dogma errors from the Middle Ages. They sold a powerful Christian faith for a bowl of lentil soup going mostly after fiat money to buy the comfort unequalled in history using printed money of fake value.

Creating inflation will make it easy to slide into poverty: a small house used to cost \$35,000 now needs a million dollar mortgage. That made it possible and succeeded in changing a 200-year-old Christian education into my atheistic schools system, which is enforced by my loyal police force and thousand lawyers in many countries dedicated to end Western Christian based Civilization.

My global prophet from the class of privilege will soon appear, allied with my mystery Antichrist a champion to manifest a global computerized One World Order System. My future global leader is well-liked around the world, appointed the brightest to control my manufactured global political-economic chaos planed toward Armageddon. He will appear like a savior known by many global bureaucrats to unite my One-World-Peace-Party system to increase the membership of the class of privilege by introducing a new global currency for the Stock Market casino to skyrocket once more.

To maintain profit it will at my pleasure trigger my planned Armageddon big bang to kill all Jews and Christians in a gigantic orgy as usually to steal their property. Even America became ineffective and terminated their Christian based constitution replaced with my ten presidential degrees already secretly enforced by the Homeland Emergency Security and State Department for early training."

At my command, that will activate a premeditated, horrendous Armageddon Schlimazel to destroy all of what You created, and will guaranteed a combined total extinction of all life-forms on earth. It will look like the original earth, just bare rock, and void of life, which I remembered when you picked a cold naked planet and started 4488 BC from nothing, and I will now have the pleasure of seeing it stripped again once more. Your Plan for Mankind will be totally derailed because I am more powerful as "I", formally Lucifer, never resigned my power ruling over this world right up to this time still enforced with equal authority, and consequently "I" will decide to end it all! That will finally prove that "I am" equal and have creation power like the Elohim and should be reckoned to be co-equal to Jesus.

Watch Jesus Answer Once More: "It is written..."

Returning to our time frame @ 2012 to discover that free green and clean energy was denied for 80 years while crossly polluting our earth and using fossil-fuel detrimental to the environment now fast moving all life toward extinction which is a global crime, will surely experience **God's Wrath** to save his creation once more. However suppressing free electricity can no longer smother a groundswell accelerating into a loud credenza waking up scores of poverty-stricken countries starving for cheaper energy. The needed firewood for billions of people to cook a meal is no longer available or solve a problem for Million living in refugee camps could have used free hydrogen gas extracted by splitting water with plenty unlimited free solar. A pent-up energy Genie spirit once left the prison bottle will expand into free hydrogen gas never to return.

The twofold good NEWS is that every deadly poison radioactive water pool in nuclear power station can be converted to clean energy extracted for a double benefit. First Hydrogen gas is easily generated with Stainless Steel tubing inside the storage containers just charged with a simple DC current will result in unlimited extraction of

hydrogen-oxygen bubbles a scientist Hoffman invented. Using Hydrogen fuel in an existing nuclear steam heat exchanger need not be modified to run the electric generators will now get free electricity making obscene profit. It is even gaining a side-benefit by splitting lethal radiation for easy safe disposal making more profit.

Attention, when this technical proposal is still suppressed and denied is just demonstrating being grossly EVIL and will not escape **God's Wrath** announced on the Internet town square. YouTube, resisting Tesla's free ELECTRICITY may take little more time for the many struggling young people do not have the means fighting big money causing corruption in high places, still amazing creating new industries for the benefit of mankind. Hopefully the last Internet bastion of re-claiming TRUTH will last a little longer before the prophesied Apocalypse is ending our civilization transformed for the next 1000 years with enough "free energy" for over 700 billion people.

Challenging the ELOHIM who gave us LIFE is big time stupid (Pearl #250). Watch the sky he will return as predicted to clean up the global environmental mess and terminate an atheistic generation causing to annihilate all LIFE on earth meant for another 1000 years. Now even assaulted with toxic Round-up 10 times worse than DDT remember Silent Spring and deadly GMO causing much life extinction all from the same global octopus Monsanto-Oil Cartel operating beyond the law controlling every international governments. Worldwide ignoring the Babushka Egg evidence will justify **God's Wrath** to save Mankind and start over once more.

Lastly still following my inclination always curious reading my Bible discovered in (Zechariah 14) analyzing numbers and symbols and if overlaid with Hebrew Alphabet Number System discovered a special relationship. The number (14) = 10+4 in the Hebrew letter means HAND (Our hand has 14 finger bones) matching science with prophecy noticed the prophet **Zephaniah** mentioned 14 times "**On That Day**". But reading other prophets next to each other increased the 14 repetitions "**On That Day**" to (70) seventy events defining the ending of the Apocalypse, which took me by surprise. My next witness will prove the Apocalypse is coming and filtered out a special code all summed up in consequences embedded in the scrolls of **Isaiah, Zechariah, Jeremiah and Zephaniah**.

On top of my list is Daniel, who was transformed in the *Hed*-dimension to witness like Isaiah the grandiose surroundings of the ELOHIM Throne assembled with millions angels and mortals to observe a metaphysic movie projection of our present time now dated after **17 September 2015**. (Daniel 7:9) "The Anointed" is being introduced to start God's Kingdom on Earth to clean up our globe to be restored to its former splendor. If interested, check this bible verse out on the Internet, a technology providing what is forbidden in many countries.

I highlighted the most important events of science linked with the metaphysic dimension. **Parts 1 & 2** expand knowledge horizons for a fuller 360° vision extracting what "**is hidden**" in the ancient Bible. United with the intent of divine revelation, it reveals how this atheistic civilization will end in AD 2015, being linked to Satan's demise in AD 3018, eliminating the source of evil and closing the time dimension curtain.

God's WRATH - Jonah's Last Warnings - Part 1

Once More - Two Jonah WARNINGS

Jonah's big fish warnings can no longer be ignored if you want to live a little longer. Our 21st Century Civilization @2012 is sinking fast like a Titanic encircled by waves of crime, corruption and deception as distressed passengers looking for any means to survive, to find a safe harbor like Noah's ark provided. There is hope. Even in the midst of absolute night, a tiny light is stronger overcoming darkness.

The Bible, as the oldest book of mankind, is still a shining beacon for 6000 years to pass on divinely inspired assurance bathed in extraterrestrial knowledge to prove it. But the new science discoveries got me into trouble with the university establishment and irritated a number of atheistic people who think they are better educated rejecting outright the Bible thus lost the ability to think in logic not knowing why?

It is really not their fault basically it started early like with my grandkid. The grammar school system enforced unscientific speculative evolution theories, which made the student a victim of being brain-washed in an evolution religion based on lies, misinterpreting or ignoring many science facts. It created indoctrinated, irrational confusion in some form of MIND control permanently lodged in the child, not being conscious of its existence. Brainwashing was pioneered and perfected during the Nazi period in Germany from the 1933. Hitler-Goebbels found out that the masses can be totally controlled by any ideology no matter how evil by applying certain rules in science now practiced globally by every government linked to universities to control the population.

On the outside it insinuates a rainbow of socialism catering to an inbuilt desire of gaining wealth to be better off than my neighbor. It promises a higher position in the class of privilege dolled out by a political party in power, where promoted as, or alleged to be beneficial for society.

Look around. That deception of lies, mixed with a lot of empty promises, is a camouflaged dishonesty, but it could get you promoted in the emerging technical society. No wonder conflicting Bible truth is outright rejected by the university establishment, which taught every student only the evolution theory for political reason, though judged to be unscientific by violating physics in a 1925 court trial.

Evolution is religiously believed to be willy-nilly reality without any science evidence, ignoring entropy laws evolving up-hill not possible. Now the atheistic evolution religion is enforced and dictated by priesthood global bankers printing money to make you compliant with generous grants.

Now I am retired, having more time got really amazed. I perceived how influential this atheistic ideology has been in changing Christian culture, which was the 78% majority in 1976 and had been for hundreds of years in the USA.

America is now controlled by the atheistic 1.7% minority forcing everybody to vote into office only atheist's senators, hiding and ashamed of their religion, poorly trained congress candidates educated in atheistic evolution fairy tales. All the way down to the level of ignorant school boards and immoral

gay bureaucrats aimed to destroy the foundation of family relationship to enforce a gender policy contrary to nature. It is buttressed by many US Supreme Court decisions (6-26-13) and can only ridicule a historic Sodom & Gomorrah story, qualifying only those rejecting the Bible. How was that feat accomplished?

For an example, how was it possible to deny the basic human right of LIFE to 50 million babies in America? They have been terribly butchered in abortion mills? Unprotected by our government, cut apart while still alive, and suffering terrible pain. The executioner then sells the aborted body parts to special "gene-research-businesses" controlled by atheistic universities making obscene profit? Life is not understood by evil people.

They changed 6000-year-old Divine laws into relativism that will destroy our earth, LIFE and mankind. It is like cutting off the branch you sit on. Murdered souls are crying out for justice! Watch God's Wrath! He has become furious violating his free gift to mankind. Check this story how it ends.

It started when comatose Christians allowed that crime, like diluted salt became tasteless. They voted for corrupt, atheistic candidates and were ashamed in public of their Christian heritage. No wonder a New Age of political right thinking has arrived. An honorable, Christian US Supreme Court became totally evil now determined to wipe out the Christian inspired Constitution envied around the world. However, it is not possible to change divine laws of good and evil into relativism only to suffer the consequences.

Watch the global political schlimazels we have run out of options because of perverting many God-given laws. Our civilization is now governed by relativism and lies can no longer delineate evil from good consequently will harvest what is sown. It will repeat a German Nazi history with bigger devastation already illustrated in an Islam Spring in turmoil affecting globally so many nations becoming unglued. Read a warning from Billy Graham's Prayer for our nation (Pearl #241).

Even worse, a prevailing atheistic cancer mindset, expanded currently worldwide, has been made much more lethal now by high technology. We are on the road to global self-destruction, and only God can save mankind from total annihilation. The prophesied apocalypse must arrive in time to save mankind before we commit nuclear suicide. It will usher in a magnificent new Civilization never before on earth to experience globally a divine controlled government after (2018 AD).

Investigating prophecy from a true science perspective was for me an irresistible attraction. It opened a science tunnel vision to a 360° horizon in many areas of philosophy, knowledge of nature and a wider worldview worth the try.

Let's follow the trail while watching some religious Christian TV flipping channels six years ago, I noticed it was full of doomsday-apocalypse scatter-talk, but now total silence? That same silence was experienced when I got no reply to a courtesy manuscript of new science discoveries sent to our US President Obama, apprising him of magnetic gravity a ∞ energy source.

For proof, I designed 16 UREE electric generators worth millions dollars. But being forbidden by the US government avoiding prison then gifted future patent inventions to ISRAEL to pass it on to the next generation surviving the Apocalypse.

I never got an answer from either, just silence. However, once the 9th Babushka egg concept book was published on the Internet, it can no longer be ignored, if you want to become a millionaire. Explaining suppressed free energy theories were first too advanced, and it took some time to assimilate. Many young scientists got inspired discovering free energy now proven in many YouTube videos creating excitement, starting new businesses in spit of the global Oil Cartel oppression.

Even my 10th *Jod* Kaleidoscope Babushka egg concept book still allowed by the American Constitution once more expressed the nature of the Apocalypse from a different angle: explaining the "WHY" an Apocalypse is prophesied in the Bible exclusively to our generation. Why the silence? Being born under Hitler, I found the obvious answer of our leaders being mind controlled since childhood.

Applying the Bible creation story, cross referenced to the zodiac galaxies in the sky, harmonizing with the Bible Hebrew calendar linked to Hebrew Alphabet Number System (HANS), I discovered the dates of the Apocalypse to be 2008-2015. However, God's Grace could modify any (HANS) schedule linked to a 52 Km asteroid just turning one more orbit could live a little longer. Jesus said, "Observe the signs." A future Apocalypse will start as in Noah's days, which ended an ancient civilization by an asteroid, right after the door of the ark was shut by God from the outside.

Now notice, likewise the same event happened announcing the Apocalypse in 2008 linked to the steel vault door in Svalbard, a Norwegian icy island, which was permanently shut. The cold storage was built by the UN in case of an asteroid destroying the future food supply for mankind. It stores 500,000 genetic unmodified food seeds for future generations. It is proving a forecast illustrated the reason of Noah's ark now seen on TV an asteroid recently passing very close in Russia. That should alert us reflecting on Jesus prophecy linked to the Apocalypse.

That is mirrored with an identical incident of a previous Atlantis Civilization reported in ancient Bible history being destroyed by **God's Wrath** in 5 February 2287 BC using an asteroid. That hi-tech society also exploited and invented forbidden GMO technology that misused the original gene intelligence to cause massive extinctions. To save the original food for future generations, God had to collect pure non-genetic modified seeds and domestic animals placed in Noah's boat, if not Satan could boast and prove that he is more powerful than GOD.

Being right on schedule in matching the prophesied Apocalypse 2008-2015, verification came from TV headlines of Barack Obama's acceptance speech. He was the first elected Islamic President, caught up in Satan-controlled activities helping an Islamic Spring selling more weapons to kill each other. (Pearl #240 - page 131) Watch the NEWS. Our nation no longer cares for the US Christian-based Constitution. Why is the atheistic Supreme Court sleeping? Not even waking up from a bigger noise, not reacting to a NYC 2009 disaster, watching the many historic banking institutions disappearing with billions stolen worse is being rewarded with billion dollars in illegal bailout

bonuses causing the global economy to totter. The US Government has become more corrupt and shoddier, causing worldwide unemployment but not affecting the Stock Market casino still operating for the class of privilege printing more bailouts. Similarly, if you remember some passenger of the Titanic trying to beat the odds undisturbed kept playing with worthless money realizing not finding a safe harbor.

Our 21st Century Civilization is like the sinking Titanic. Luckily, it passed the fearful 21 December 2012 date. Many expected it would start the Apocalypse, but it fizzed out a little quieter being in the middle of a storm center. That date is still a mystery for many in science and theology, but if you are better educated, it can be demonstrated with satellites GRACE.

NASA has measured our earth axis wobble, which is now at rest after 4300 years, calculated if you know a little math. Amazingly, Julius Caesar was right on schedule in 54 BC by inserting 62 days correctly projecting ancient earth axis wobbles ending 21 December 2012, changing a 10 month calendar to a 12 month one without a modern computer. Wondering what math method did Julius Caesar use? Unfortunately many scientists brainwashed in evolution fairytales never figured out how an earth wobble came about. Missing the connection to true physics, many historic geological facts remain a puzzle.

Why not investigate the evidence of an asteroid impact mystery which can be dated turning back the Planetarium zodiac wobble sky will stop at 5 February 2287 BC, now postulated free as the 3rd Babushka egg concept book getting more proof of how declining earth wobbles were measured. It was a lot of fun to test out new discoveries to check ancient mystery bronze-gold clocks exhibited globally in many museums.

Not understanding our changing calendar kept many theologians confused. They mostly misdated prophecy projections by putting the Bible events out of order. A new perspective could open the door to better understand Daniel and Revelation. No wonder TV theologians still postulate that the Endtime is still future. They are not aware that Western Civilization has ended, being now in the middle of the Apocalypse. A new One World Order already has started, defined not by a conventional declining calendar measuring time, but morphed as stated in Daniel, *"shall think to change the times and the laws..."* (Daniel 7:25)

Time is now measured in atom-femto-seconds linked to a computer-controlled society of a new global World Order that changed the ancient law of Good and Evil to Relativism, denying the existence of absolutes. The first prophesied, 10-horn nations have passed, reduced to the "G-Seven" horn nations Chinese-Russia-EU-Islam-Brittan-Latin America, and the USA that was rooted historical in a lion (Brittan) but lost its eagle wings.

The last prophesied Daniels fourth beast morphed into a global hi-tech system of a computer MIND (V19) shortly ruled by a little horn the Antichrist and will end our 21st Century Civilization in Armageddon. If you follow the new theological dating trail linked to science, it places the 5-month Apocalypse accurately as the earth axis no longer wobbles. To widen knowledge horizons, read the energy Babushka egg book #9 free on the Internet, which hatched this little egg, **Jonah's Last Warnings to Gentiles and Jews** ending 70 times with, **ON THAT DAY**, when God puts an end to all evil.

Pearl #239 - The Apocalypse a Kosmos Conflict - Part 2

Angels have Apocalypse Implications

Many theologians have different ideas why and what is an Apocalypse and dating it is not allowed. I would like to clarify some new discoveries and round it up similar to a Prologue. But later will investigate in my next Pearls four (4) Prophets *Isaiah, Zechariah, Jeremiah and Zephaniah*, which could give us an additional panoramic view of prophecy matching science. If linked to metaphysics always discover more; why is it repeated "ON THAT DAY" seventy (70) times lining up events?

To sort out the many mysteries in the Bible, I use the tools learned as a successful inventor with the usual strange habits. I was motivated to explore ancient Scripture and compare it with high technology, which must match the HANS perspective. No wonder the Bible, the oldest history book of mankind, revealed startling results that greatly surprised me. This research developed into a series of written Babushka eggs; some are smaller like a baby egg that I call Pearls. When more Bible mysteries showed up based on science data usually became a bigger egg.

Writing about forbidden science connected to the metaphysical defined my mission in retirement and got me on documenting a history-science-Bible journey. My habit of unique curiosity was directed to explore longstanding Bible puzzles that have kept many scholars confused. It revealed some secrets theologians missed since they were not educated in science. My practical German background as an instrument maker was helpful to reveal incredible new concepts collected in ten (10) free Babushka egg concept books never postulated in universities anywhere.

My study became like an expedition diving in the Bible Ocean and searching for many precious Pearls. I was soon hooked and kept diving to find more. Babushka egg concept books can be copied without charge from the Internet for the benefit of future generation. Some were translated in Spanish, German and Arabic to expand a vision that even dated the Apocalypse.

Exploring the Bible from a science viewpoint was exciting as no other book on earth has a proven history recorded in advance. It could be compared to a holograph if you keep cutting it into two sides each tiny portion still has 100% of the information embedded similar to cloning on a lower entropy. That unusual fact became a challenge for this inventor-scientist to unlock prophecy.

It raised the ante for me. Could the ancient text be decoded to learn more about our future destiny in spite of modern science being entangled in unscientific atheistic evolution leftover residue theories from the Middle Ages? The younger generations do not realize the tremendous influence of a modern Mind Control system most universities adopted, how it damaged our American culture. Being inferiorly educated makes it easier to believe in counterfeit science opposing the Bible. Previously I proved free energy like hydrogen from water (Hoffman) and free Electricity extracted from the air (Tesla). Why is it still suppressed by a powerful evil Oil Cartel being globally so dominant?

They corrupted the US Government and held hostage worldwide the 21st Century Civilization denying **free nonpolluting energy** for 80 years? It caused continued wars ever since and murdered billions. But the ELOHIM kept track now will end their evil, watch being judged by **God's Wrath**.

Being stuck in fake science, most universities never noticed that reversed entropy is not possible in nature holding on to atheistic evolution religion; therefore still believe that free energy is not possible. Being an inventor not easily confused, I came up with a real story to educate my grandkids using true science and to explain what will happen in the next few years investigating knowledge principles analyzed with math linked to many Bible facts that can forecast the future Apocalypse not starting on earth now explained in (Part 2).

Much in the Bible is basically a roadmap to reveal to mankind the consequences of wrongly applied principles detrimental to life. Employing some of the other 50% of Newton's writing mostly kept silent, many are central to metaphysical laws reflected on the natural cause and effect level. Combined they will warn us to redirect our minds to the celestial source always trustworthy.

The style of the Bible is based on foretelling mankind's history, which identifies our destiny controlled by divine guidance and the penalty of mankind's sinful nature. Honest skeptics, if interested, could widen their knowledge horizons. The majestic theme of God's creation ends with a symphonic credenza of redemption and restoration as the previously upset cosmos once more will become balanced.

My grandkid's teaching through university level no longer compares the many life principles of accumulated knowledge with the embedded wisdom rooted in the Bible history of mankind. Why was it thrown out from the classroom as irrelevant? All became corrupted to even falsely rewrite American history. Many fabricated lies replace true principles to make an impossible, unscientific evolution theory to fit an atheistic belief system denying a Creator.

Professors keep ignoring the many evidences in nature not matching modern gene research or DNA conclusions. It needs a counter-balanced perspective to reflect what the Bible teaches, not religion, but how nature operates. This is not even understood by many theologians, who are likewise brainwashed in Satan-inspired evil relativism.

Our civilization will end **17 September 2015** in a divinely executed "APOCALYPSE" to end Satan's disruption of God's order as projected from a science perspective matching many prophecy events. To lay a base for a lasting Bible understanding requires the retelling of the creation story, forbidden in schools, from a new science perspective. It may even surprise Christians.

Many do not know that God's real Plan for Mankind ends with a scary Apocalypse. I hope to expand your knowledge horizons and become convinced. WHY our Civilization will end shortly in an APOCALYPSE. (Pearl #246 - The Final Proof)

Going back to when time started, the reason for creation defined in a Cosmic Grand Plan, will widen our Bible knowledge horizons. It could be compared to a divine theater play. The curtain rises with God, the ELOHIM, and dealing with Satan's rebellion in 4488 BC. This caused a changeover of God's administration, as angels could no longer be trusted perhaps repeating another upheaval offending the Creator detrimental to the whole cosmic organization.

Scripture reports that 1/3 of God's angel administration revolted, perhaps 200 million. (Rev. 9:16) All who sided with Satan transgressed the KOSMOS LAW and were isolated in the underworld. The Creator did not want robots but freewill agents, which leaves the possibility open to violate trust.

Rebellion cannot be tolerated if a society wants to live in peace. Think through how God could fix the problem. He could have thrown away the whole universe like we do with our failed computers, but that would not be fair for those still loyal to him being scared and very troubled. The Kosmos Law was not changed by Satan's rebellion. Everybody still has an option to exercise a free WILL: either to live forever in God's house or be removed to an outer darkness detention forever. Otherwise, you have disintegration of the cosmos, dissolution of entropy ending in chaos learned in science.

God introduced an additional option on the lower *Daleth* dimension. A cocoon event system was implemented still defined as heaven or hell. But hell is now terminated with the same Kosmos Law in a greater sense. God needed to recalibrate his universe and fixed a major problem if transgressed. Applying justice must condemn a failure, but being designed to live forever and ever now cast in a detention outer darkness dimension would be inhuman.

Consequently, a merciful God who loves his creatures had to invent an escape agreeable for both parties. That was made possible by his divine Son Jesus. Christ introduced "Death" and atoned for "SIN" to pardon our transgression. He exchanged his life to gain mine and yours. What changed was demonstrated in history 2000 years ago on the cross when He cried out loud, **"It is done."** That gave an added option to terminate once life after judgment or accept Eternal LIFE, now a free choice.

The Cocoon Followed by Resurrections

Nature teaches the purpose for the apocalypse as the caterpillar ends in a cocoon to emerge as a butterfly, which is the resurrection principle. What was of lesser entropy is now raised and transformed to a higher level not to be compared to its previous former existence.

Angels and Mankind alike failed the first caterpillar development stage, but humans will be transformed to a restored cosmos now much better. Even evil is a mystery force used by God to become part of the process of restoring the cosmos on a much higher level as before. It will become the new *Jod*-Dimension as Jesus promised a new-earth linked to a new-heaven.

A new home is important for angels and mankind to live forever. The old, failed universe was destined to end in a fireball linked to science (3018 AD) as described in Babushka egg concept books. During the time dimension, we all must go through a cocoon cycle on a higher order that works like a sieve

where rejected residues from a previous mortal world order are filtered out. It only lets the pure essence become the future building blocks of a new creation. That filter is still governed by independent creatures with free will, making choices as the Creator did not want robots. The new calibrated cosmos system is not enforced on anyone, but we are invited to experience a new birth on a higher level, or if rebellious to truth better told in the Bible from a divine perspective read Romans 1:18.

God's creatures were designed to live forever, but transgressors of the Kosmos Law will everlastingly be banned to eternal outer darkness. God's Grace introduced "Death" as another option that had never existed before. Justice must be preserved, so it is still based on free Will as illustrated in the Garden of Eden with two trees. Being designed to live forever, some will fail becoming evil in following Lucifer's rebellion.

God introduced the principle of choice between Life or Death - even for angels. The death option is pure Grace, not deserved, and was not cheap for the Creator. He went through it all the way, shrouded in the *Daleth* dimension mortality, painfully identifying with his creation on equal footing being forsaken by his friends, falsely accused, horribly tortured, crucified and experienced an unjust death.

Our parents, Adam and Eve, failed. They chose the Tree of Death, became mortal, but got another chance. Hopefully, they passed on to their children to be better educated to choose the tree of Eternal Life offered by Jesus Christ who paid the penalty of our transgressions not to experience God's Wrath.

The resurrection option is a new choice, as Evil must be filtered out, no longer useful to the process. Look inside the cocoon. It is empty, but this resurrection mystery reality meant for mankind is even applied to fallen demon angels who are allowed a choice. The transition is still determined by freewill in choosing what direction they will journey (Life or Death).

The cocoon is the crossover junction represented by the **White Throne** placed outside the time dimension to balance whatever choice was made, evaluating the intent with facts. One side rewards the soul to live forever in God's house in a new *Jod*-Dimension. The other ends in sorrow from making the wrong choice ending in the fiery lake of the collapsing *Heh* and *Daleth* dimensions, like the baby-fetus only temporarily uses a placenta now useless being thrown out.

The entropy in physics always comes with two laws similar to the baby-placenta defining nature linked to the immortality-death. The *Daleth* dimension reveals that the spirit world has two subdivisions, being guarded by the 5th Angel before the Throne of God.

The cocoon netherworld is split in two: one above with the many persecuted Saints under the Throne (Rev. 6:9) also a resting place for those waiting in the Abraham-Lazarus story. (Luke 16:19) The other department is below the bottomless pit separated by a deep canyon we consider Hell occupied by fallen angels of unearthly strange demon description and those humans rejecting salvation freely offered. (Rev. 9:1)

The netherworld operates like a filter when a selection was made on the *Daleth* dimension; it sets the railroad switch to go either way. Each individual is responsible for your own control.

Various separate resurrections, one unto "Life" the other unto "Death" is still a mystery for many Christians. The next Bible text will reveal something not preached in church misunderstood by many theologians not educated in science. Rev. 9:16 reveals the 5th Angel linked to the 5th Seal, being in charge of the netherworld and supervising 200 million angels fallen from God's previous administration. Many offices became vacant when ELOHIM disposed Satan: positions needing replacements in the future. Since the Bible spelled out the number of fallen angels, I believe the replacements could be 200 million saints from Adam to the last arrival when the Apocalypse ends. Saints are set aside for a unique purpose, so look forward to the exclusive Saint Resurrection to become a royal First Born - beautiful butterfly.

The Saints will not go to heaven but come back to earth with Jesus Christ to attend school learning how to administer God's Kingdom on Earth and gain experience to rule over angels. New divine laws will be applied to greatly benefit the new society with an exploding population after 2018 AD.

The first resurrection appears toward the end of the apocalypse as the Fifth caretaker Angel serving before the Throne in heaven was ordered take the key and open the prison door to allow a resurrection only for demons ruled by a powerful fallen angel leader Abaddon-Apollyon.

It coincides with the war in heaven as Satan losing the war fighting the Arch-angel Michael. The fallen angel being imprisoned, realizing destined to live forever in outer darkness, will exercise their only option once the prison door is open to escape and burst forth roaming around the earth allowed only five month in the *Daleth* -Time-dimension. Being extremely evil unrepentant will be permitted to possess people needing a body to die illustrated in the crazy pigs encounter story met by Jesus to end their existence all perish in the Wrath of God event. (Rev. 9) (Matt. 8:28-34)

The Bible reveals that whoever accepts being marked with the global microchip system of extra privilege are wide open to be demon possessed committing terrible crimes. It is advertised as a global Party for Peace and many who signed up for a privileged membership that comes with bonus benefits being stressed for survival? Jesus warned that those becoming members, marked with Satan's Peace Party, will have lost forever the option of Eternal Life which is the ultimate one notch higher eternal privilege!

A mystery is now revealed every demon inside a human being is only utilizing the Kosmos Laws can now end their life piggybacked together with their host on a mortality *Daleth* system. The demons can escape the underworld prison forever now thrown into the fiery lake a much better option by four Death Angels executioners from their netherworld appearing during the sixth trumpet blast. It is coinciding with the war in heaven, Satan and all Kosmos fallen angels have been cast out joining the Antichrist and his prophet also being killed by the four Death Angels designed exclusive for that one purpose.

Once more the Second Woe reveals Four Death-Angel on a higher level became a placenta facilitator designed for demons just for this Apocalypse time to execute God's Wrath including one third of mankind. (Rev. 9:12) That resurrection event will integrate all fallen angels and demons collected from the cosmic

conflict in heaven as Satan and his bunch where thrown out of *Heh*-heaven to earth-*Daleth* dimension around **4 April 2015** (5776, double blood moon) and disappear forever passing through a White Throne timeless dimension filter, temporally set up governing a *Daleth* universe. (Rev. 12:7)

According to entropy, only on the *Daleth* second stage dimension level can LIFE be terminated. The principle is even shown when the divine Jesus Christ clothed in mortality and died on the cross to conform to the Kosmos Law filter equalizer not allowing exception.

The cocoon death is like a filter of choice to end our existence and if chosen during the *Daleth* dimension setting the right switch could continue in a resurrection that is pure grace unto LIFE. The old *Heh* dimension got polluted, therefore rejected. The *Daleth* dimension is only a facilitator, like a placenta to a new baby, for the promised *Jod* dimension (new heaven-new earth). The Principle of Grace reflects that the Creator loves his creation but must be balanced by choice, trusting each other in love and respect.

Mankind must pass an Apocalypse Filter

The next endplay curtain of the second act tells the story of mankind which will demonstrate the inserted "First half" cycle of the temporal *Daleth* dimension side linked to the Kosmos Law. The new replacement Mortals shown to angels in the Garden of Eden rejoicing greatly looked nearly the same size as angels, brightly lit in their bodies. But when they sinned lost the light. Recent ancient skeleton of human giants many were found measuring 10-36 ft. photographed which proves that Lucy is an evolution lie applying fake science. It was planned that Adam and Eve (4068 BC) needed first to be isolated from the Heaven, *Heh* dimension, for a two-stage development journey.

If you are not familiar with my discoveries defining the universe from a metaphysics perspective could be helpful, read the 9th Babushka concept book describing infinite light energy which obsoleted the Einstein Theory resulting in free electricity and free hydrogen energy from water.

The new universe *Daleth* dimension was created and embedded with the Time dimension. It was designed to be an incubator on earth uniquely to preserve LIFE. It is maintained by hundreds of precise, detailed improvements only possible on this globe if you understand true science, not found in the universe. The newly created Mensch was dual-sided, as the *Daleth* side must first go to Satan's school to be become acquainted with evil.

Consequently, God designed mortality to learn all about the outcome of failing his standard, but the faithful will be rewarded with Eternal Life on the second *Jod* stage side if pardoned. Learning how to overcome evil will finalize the progress to become a completed Heavenly Being fit for the new heaven-earth *Jod* dimension.

A permanent, inbuilt immune system of God's righteousness standard must be embedded in everybody's consciousness, even is experience in a child on the lower level. That defensive righteous inoculation will prevent future rebellion making it impossible to happen again, as peace in the cosmos is permanently restored after 3018 AD. However, mortal mankind experimenting with evil failing the test transgressed the

KOSMOS LAW consequently the new specie was designed to be redeemable if they would choose eternal life.

A free will is a requirement shared with angels. We must select to either accept God's free provision of atonement, being declared free of our sinful rebellion demonstrated in Jesus Christ who forfeit his LIFE to gain yours, OR if rejected, unable to pay yourself will mean being thrown into hell as the LAW demanded. To be made whole again and totally forgiven, your name is entered in the Book of LIFE, which is a passport to live in God's house to gladly abide by his rules, an honor considered royalty.

The fulfillment of God's Grand plan of restoration will realign the Kosmos to run perfectly again. It will shortly arrive and announce the birthing of a new civilization, God's Kingdom on Earth. Satan's school will be closed forever no longer needed now Satan bound in the abyss as the only evil survivor after the Apocalypse. A new school is opened under Jesus tutelage to graduate some resurrected Saints being highly honored required a higher cosmic education later to rule the angel *Jod* domain a new creation.

To finalize Mankind destiny some Mortals since Adam where preselected being resurrected first, appointed to be further trained to fill the vacancies of God's administration. That is known in Christian circles as the First Resurrection. Many Christians will not qualify misled by the cares of this world should read Jesus virgin story (Matthew 25) or expanded in Pearl #200. Only those with more love-oil become Saints.

To explain the Apocalypse dividing God's Grand plan for my grandkids linked to science I use helpful analogies could even be constructive for many atheistic PhD mired by tunnel vision no longer seeing a world from a 360° perspective in rebellion to God's laws. It resembles a placenta part of a grand birthing analogy. A new baby civilization is being born but this time supervised by Yeshua returning once more to his place he created as the two previous civilizations utterly failed with Satan gloating again, "I won!"- two times.

This last coming civilization number #3 will be very extraordinary. It will show the angels how a corrupted mortal Mensch system could finally work if governed in righteousness divinely guided. It will prove that the sinful nature of rebellious mankind, two times failed, can lastly live in peace without strife, war and dishonesty as Satan will be removed to keep him from interfering stirring up more trouble. The old system was terminated in a noisy end phase to start over again. The table cleaned once more; the curtain rises.

The second apocalypse house cleaning will arrive akin to a coin with two sides: one will reflect mankind with an independent MIND misusing the laws of physics and the other belong to the divine. The Plan for Mankind was designed similar to a minted coin that was invented by ELOHIM, the Creator, preordained according to his Will being the inventor. That is proven everywhere examining nature like your LIFE hopefully always controlled by intelligence which is two sided, too.

The invisible coin-side is controlled by divine intelligence needs a mirror to see it as most in nature is revealed with embedded DNA controlling the 80 trillion proteins. The system must be guided by intelligence discovered in recent science. It will prove that our mortality is linked to immortality like illustrated in nature for my grandkid the caterpillar emerged after the cocoon as a butterfly completely different designed for

another world a fantastic cosmos model. Notice globally in universities not yet recognized we see a total major science-collapse whatever was taught before buckled. Previously, our generation pumped up with foolish pride, knowledge became narrow-minded as everybody was aiming to specialize guarding personal turf. Becoming ignorant in the absence of logic can only theorize the laws of nature without the metaphysics in the belief that concentrated tunnel vision sees more.

The modern atheistic education departments have forgotten to investigate the laws from an Axiomatic and Imperial science method giving us a 360° perspective. If you want to argue that point, talk to the expert's way beyond my level of teaching but have enough references mentioned in 10 Babushka egg concept books to keep you very busy. Please checkout Dr. Charles W. Lucas, Jr. a good candidate to discuss why the old-fashioned science is collapsing obsoleting Dr. Einstein theory.

http://tccsa.tc/articles/lucas_universal_force.pdf

But God picked someone practical, inclined to educate grandkids, and appointed a German instrument maker to teach how a cuckoo clock works and explain science in a little more realistic way on a lower level. Consequently, what you read here is for the layman to understand nature better using a divine text that survived 6000 years to extract wisdom those with science tunnel visions will never discover.

Again, understanding the nature of the Apocalypse can be compared to a placenta with a baby. Both are born together. The placenta is only a facilitator, but the baby is the main reason. By analogy it becomes the new civilization destined to last the 1000 years of a prophetic Bible telescope.

Projected in a historical future perspective, the Bible telescope shows identical events many times duplicated like matching a holographic blueprint fun to investigate. Most historic events, the place and timing were written for our instruction to decode the future of God's Plan for Mankind. For an example, ISRAEL entered the Promised Land during Moses time from the dessert.

It ended in an Apocalypse conflict/placenta at Jericho to set out into a new land of milk and honey. That ancient story is recorded in the book of Joshua. Applying holographic historic events to the Bible far vision starting the Apocalypse must not be shortsighted, ignoring embedded intelligence of nature. One should look closely at the Tesla-Hoffman discoveries and follow the energy trail to the source of the first Bible verse. (Gen. 1:1)

When true modern science is applied to the embedded Bible information, denied by the experts on the web, nevertheless it will in time change our world forever and prove the divinely inspired metaphysics source once more opening new horizons in science. It will confirm the total Plan for Mankind barely mentioned anymore in churches by theologians lacking Bible wisdom being hopelessly messed up by relativism. The apocalypse makes only sense when viewed from a total Kosmos perspective, which starts with the creator ELOHIM. He is not an angered ruthless dictator but loves what he designed. He expressed supernatural patience for his creation allowing much latitude to articulate or free will and lets us mess up our home but only to a point. Since mankind is destroying the genetics of the food chain, God must intervene for the welfare of future generations. He acts rationally on a higher level as outlined in the past by his dedicated prophets.

A 21st Century Filter "On That Day" - Part 3

Investigating Isaiah, Zechariah, Jeremiah and Zephaniah

Highlight the last Apocalypse events with a yellow pen illustrating the end of our civilization in your Bible and you will be able to count "ON that Day" used seventy (70) times by **four prophets**. ELOHIM revealed the fulcrum that the birth "God's Kingdom on Earth" will be born and continue in the *Jod* dimension of a new-heaven and new-earth without an EVIL environment.

Birth bangs in nature is a sure sign indication what will happen very soon. Emphasizing the Hebrew number Ayin =70 is meaning "the sum total of this world" seeing the world in its proper balance with the inner eyes. It is usually connected to punishment of Israel's disobedience.

For example: When Israel failed to keep the Sabbath were banished for 70 years to live in Babylonian exile before they were restored returning to Jerusalem. (Jeremiah 25:11; 29:10) Daniel 9:24 prophesied that 70 weeks were decreed to put an end to sin. ISRAEL's final restoration will be 70 years long (1948-2018) on the Gregorian calendar but the Hebrew New Year starts on the end of 2017 a little offset following the moon cycles. Jesus said to forgive 70 times those offending us consequently let's consider the most important Apocalypse message = 70 times mentioned ON THAT DAY.

Most of Israel as usual behave like the Gentiles embroiled in atheism and godless relativism can no longer delineate between good and evil needs once more correction will be linked for the last time to Jacobs Trouble facing again the danger of total extermination in the coming Armageddon Apocalypse.

Israel must relearn the lesson again why the Elohim original set Abraham apart and appointed ISRAEL to be a spiritual nation to preserve the oracles of God demonstrated with extraordinary blessing or curses. History verifies the result if they submitted to the divine covenant, a special contract given by the creator would greatly benefit, creating wealth a higher living standard no other nation has. (Malachi 4:1-5)

That can be seen in the past when they followed the covenant experienced miracles like 1967 now being specially blessed and better off, right to our time in the midst of the a tempest surrounded by death and destruction of many cities and millions refugees linked to an Islamic Spring, check their economy compared to global financial systems in Europe.

Their recent world business is fuelled by over 300 Jewish Laureates received the Noble Price compared to a surrounding ISLAM only three but measure it against population statistic.

But if they forsook the covenant and became like the surrounding world will experience a curse, hatred, horrible persecution like a Hitler holocaust going back repeated for thousands of years mostly on the 9th of Av, a Jewish Holiday.

The sum total (70) ON THAT DAY will accelerate projecting the 21st Century Civilization to end and will focus on God's purpose once more which is Jerusalem in the center his cherished footstool where history will be made again. Anyone messing around with that city will remember 70 times repeated "One that Day" being warned that many times.

It is the last option offered to mankind by Jesus Christ to accept Eternal Life, reminiscent of life given to those surviving in Noah's boat. Probably most all of us will die from the 52 Km asteroid, check the date ending our civilization or convince me otherwise. The Kosmos curtain will rise for the main act of God's Plan for Mankind centered what comes from the *Heh*-dimension which starts first in heaven but will be ending on earth-*Daleth* dimension foretold thousand of years ago 98 AD, a new civilization arriving suddenly, unexpected, with birth bangs now concluded.

Then I saw heaven opened, and there was a white horse! Its rider is called Faithful and True, and in righteousness he judges and makes war. His eyes are like a flame of fire, and on his head are many diadems; and he has a name inscribed that no one knows but himself. He is clothed in a robe dipped in blood, and his name is called The Word of God. And the armies of heaven, wearing fine linen, white and pure, were following him on white horses.

From his mouth comes a sharp sword with which to strike down the nations, and he will rule them with a rod of iron; he will tread the wine press of the fury of the wrath of God YHWH the Almighty. On his robe and on his thigh he has a name inscribed,

"King of kings and Lord of lords."

Then I saw the beast and the kings of the earth with their armies gathered to make war against the rider on the horse and against his army. And the beast was captured, and with it the false prophet who had performed in its presence the signs by which he deceived those who had received the mark of the beast and those who worshiped its image.

These two were thrown alive into the lake of fire that burns with sulfur. And the rest were killed by the sword of the rider on the horse, the sword that came from his mouth; and all the birds were gorged with their flesh.
(Rev. 19:11-21 NRSV)

Notice only the Bible reveals that all human governments will be terminated establishing a permanent new righteous Age lasting a 1000 years, enforced by an extraterrestrial powerful army lead by Yeshua. Now highly honored, he exchanged a lowly donkey for a white horse to victoriously enter Jerusalem walking in reverse the same 14 stations to Golgotha now a tourist attraction. A thorn-blooded crown was exchanged for a royal gold and diamond headdress, followed by powerful angel dignitaries as once told to an unbelieving Pontius Pilate in 35 AD. It will start God's Kingdom on Earth with authority demonstrated by a cosmic asteroid. Continue reading.

For I will gather all the nations against Jerusalem to battle, and the city shall be taken and the houses looted and the women raped; half the city shall go into exile, but the rest of the people shall not be cut off from the city. (Zechariah 14:2)

In the final end-stage the last curtain call shows a huge global army was gathered from many nations surrounding Jerusalem for the last Armageddon war linked to the Satan-possessed world leader Antichrist matching a Jewish calendar feasts calculated from Daniel's data (**25 July 2015**) It overlays with a commemorated pivotal Av 9 date again repeated many times over in history, check the (Pearl #135).

It will start the prophesied Jacobs Trouble exploding in an Islam rage determined to exterminate all of ISRAEL being surrounded and backed up by Egypt, a UN force, collaborated with Russia involved with China in all out world war. Squeezed in the middle will be unbelievable repeating history but again slaying without mercy four (4) million Jews with only a few widowed women & children surviving. (Zechariah. 13:8) & (Pearl #120).

Consequently that act of aggression will infuriated GOD'S extraterrestrial **WRATH** exploding in bigger revenge for each Jewish Citizen killed; do the math will end with 1:500 ratio which is 2 billion dead bodies surrounding Jerusalem. Read what is written prophesied in the Bible announcing the Second and Third WOE getting terrible worse. (Rev. 6:12) (Rev. 9:12)

To find out how the apocalypse ends with detailed events seventy (70) times "**On that Day**" concluding with an asteroid for the second time experienced by mankind. But this time the asteroid evidence will not vanishing in water sinking an Atlantis Civilization in the Gulf of Mexico, but being virtually too big (52 Km) must break up in million rocks to fulfill prophesy affecting world wide gigantic earth-quakes. It still is causing another earth axis-wobble appearing to us looking in the sky moving like shaking stars in the midst of spreading dust diming the sun & moon intensity by 1/3 foretold matching science observations.

Keep counting (70) times, and be convinced that the ELOHIM means business "**On That Day**."

Then the Lord YHWH will go forth and fight against those nations as when he fights on a day of battle.

***On that day** his feet shall stand on the Mount of Olives, which lies before Jerusalem on the east; and the Mount of Olives shall be split in two from east to west by a very wide valley; so that one half of the Mount shall withdraw northward, and the other half southward.*

***On that day** living waters shall flow out from Jerusalem, half of them to the eastern sea and half of them to the western sea; it shall continue in summer as in winter. (Zechariah 14:1-9 NRSV)*

***On that day** - And there came flashes of lightning, rumblings, peals of thunder, and a violent earthquake, such as had not occurred since people were upon the earth, so violent was that earthquake. The great city was split into three parts, and all the cities of the nations fell.*

***On that day** God YHWH remembered great Babylon and gave her the wine-cup of the fury of his WRATH. And every island fled away, and no mountains were to be found; and huge hailstones, each weighing about a hundred pounds, dropped from heaven on people, until they cursed God for the plague of the hail, so fearful was that plague. (Revelation 16:18)*

Moving mountains, exploding rocks, fire in the sky much can be explained in science demonstrated by an Asteroid impact. Scientists told us in 2006 magazine front-page watch a 52 km asteroid already in 825-day orbit projected to hit our earth will change forever mankind and causing once more an axis-wobble altering a calendar explained with science in various Pearls.

It will be followed by horrendous earthquakes, beyond the Richter scale, that will shake, destroy and end our civilization, guaranteed.

Now the Lord YHWH is about to lay waste the earth and make it desolate, and he will twist its surface and scatter its inhabitants.

***On that Day** the Lord will punish the host of heaven in heaven, and on earth the kings of the earth. The earth shall be utterly laid waste and utterly despoiled; for the Lord (YHWH) has spoken this word...The earth lies polluted under its inhabitants; for they have transgressed laws, violated the statutes, broken the everlasting covenant.*

Therefore a curse devours the earth, and its inhabitants suffer for their guilt; therefore the inhabitants of the earth dwindled, and few people are left. (Isaiah 24:1 NRSV)

Thus says the Lord YHWH of hosts: See, disaster is spreading from nation to nation, and a great tempest is stirring from the farthest parts of the earth! Those slain by the Lord YHWH

***On that day** shall extend from one end of the earth to the other. They shall not be lamented, or gathered, or buried; they shall become dung on the surface of the ground. (Jeremiah 25:32-33)*

Ending 4 prophets prediction pointing **70** times "**On that day**" with detailed events from a different perspective will conclude that the invisible ELOHIM is revealed once more as the Eternal WORD, visible for us in Jesus the Christ being the Redeemer saving humanity to survive total corruption linked to God's Divine Plan.

What will be remembered by many generations, for a thousand years, when the Jewish survivors will stack up a huge pyramid of unbelievable **two (2) billion** bleached skull heads & bones collected seven-month long to purify the countryside.

Check (Isaiah 66:24)...*the fire of their dead bodies shall not be quenched* - could that be radiation from Iran's nuclear arsenal meltdown? It will become a lasting consecrated bone-sculd pyramid Monument of GOD'S **WRATH** to remind future generations do not mess with the covenant people chosen by the Creator ELOHIM. (Ezekiel 34:11-31)

***On that day** the Lord YHWH will thresh from the channel of the Euphrates to the Wadi of Egypt, and you will be gathered one by one, O people of Israel.*

***On that day** a great trumpet will be blown, and those who were lost in the land of Assyria and those who were driven out to the land of Egypt will come and worship the Lord YHWH on the holy mountain at Jerusalem. (Isaiah 27:12-13 NRSV)*

Then...the Lord YHWH my God will come and all the holy ones with him... (The First Resurrection of the

Saints) *Therefore prophesy, and say to them, Thus says the Lord YHWH God:*

I am going to open your graves, and bring you up from your graves, O my people; and I will bring you back to the land of Israel. And you shall know that I am the Lord YHWH, when I open your graves, and bring you up from your graves. (Ezekiel 37:12-13)

If you survive GOD'S WRATH, you will witness the BIRTH of the Saints in the First Resurrection with the BIRTH of a new nation ISRAEL crowned with a King. It is fulfilling many promises to Abraham resurrected to witness his descendants will now proliferate like the stars in the sky. Watch the next Jewish holyday Jesus Birthday starting a Hebrew New Year Civilization according to the Torah tradition & include true science 70 times repeated, "**On that day**".

And the Lord will become king over all the earth, on that day the Lord (YHWH) will be one and his name one.

(∞ Divine) ← YHWH (BC⊙AD) YESHUAH → (Human)

2000 years ago Jesus stood before the Sanhedrin High Court being ask the final question, "Are you the eternal "YHWH*?"

Answered simple stated, "I AM" (Exodus 3:14) and forthwith was horrible tortured executed on a cross with a thorny crown and inscribed above a wooden plate, unusually for a criminal, in three languages declaring a historic note "King of the Jews".

Appearing again coming from *Heh*-heaven to the *Daleth*-earth dimension but this time with a golden crown to testify that he is "Lord of ALL" now identifying his name as the eternal **WORD** declared now the veil removed **Aleph - Ω** showing the wounds received in the house of his friends. (John 1:1) (Ezekiel 36:22).

Therefore say to the house of Israel, *Thus says the Lord God YHWH: It is not for your sake, O house of Israel, that I am about to act, but for the sake of my holy name, which you have profaned among the nations to which you came.*

I will sanctify my great name, which has been profaned among the nations, and which you have profaned among them; and the nations shall know that I am the Lord YHWH says the Lord God YHWH, when through you I display my holiness before their eyes.

I will take you from the nations, and gather you from all the countries, and bring you into your own land.

I will sprinkle clean water upon you, and you shall be clean from all your uncleannesses, and from all your idols

I will cleanse you. A new heart

I will give you, and a new spirit

I will put within you; and remove from your body the heart of stone and give you a heart of flesh.

I will put my spirit within you, and make you follow my statutes and be careful to observe my ordinances. Then you shall live in the land that I gave to your ancestors; and you shall be my people, and

I will be your God.

I will save you from all your uncleannesses, and

I will summon the grain and make it abundant and lay no famine upon you.

I will make the fruit of the tree and the produce of the field abundant, so that you may never again suffer the disgrace of famine among the nations. Then you shall remember your evil ways, and your dealings that were not good; and you shall loathe yourselves for your iniquities and your abominable deeds. It is not for your sake that

I will act, says the Lord God YHWH; let that be known to you. Be ashamed and dismayed for your ways, O house of Israel. Thus says the Lord God YHWH: **On the day** that I cleanse you from all your iniquities,

I will cause the towns to be inhabited, and the waste places shall be rebuilt. The land that was desolate shall be tilled, instead of being the desolation that it was in the sight of all who passed by. And they will say,

"This land that was desolate has become like the Garden of Eden; and the waste and desolate and ruined towns are now inhabited and fortified." Then the nations that are left all around you shall know that I, the Lord YHWH have rebuilt the ruined places, and replanted that which was desolate; I, the Lord, have spoken, and I will do it.

Thus says the Lord God YHWH

I will also let the house of Israel ask me to do this for them: **to increase their population like a flock. Like the flock for sacrifices, like the flock at Jerusalem during her appointed festivals, so shall the ruined towns be filled with flocks of people. Then they shall know that I am the Lord YHWH.** (Ezekiel 36:22-37 NRSV)

14 x **I will** and 70 x **On That Day** ending with the **seven** Shmita matches the date below with many Babushka egg Pearls linked to next Jubilee. It aligns with Rabbi Judah Ben Samuel projections, a top Talmudic scholar in Germany, who prophesied in 1217 that after the 16th Jubilee of 50 years each, the Messianic Kingdom would begin after:

17 September 2017 AD

*YHWH is the Tetragrammaton that the Wycliffe Encyclopedic Bible Dictionary state was used over 6,800 times in the original Hebrew text of the Torah. But was it intentionally removed from the translated text to conceal the Blessed Name? Why?

In lawful terms it is like erasing the many initialized, short signatures on every page and paragraph of a legal sales contract identifying the owner's wishes in order to prevent to tamper with its terms. Why was YHWH removed? (Pearl #141)

Y=1 + H=5 + W=6 + H=5 = 17 Victory

Babushka concept eggs keep raising the ante for me to develop a sequel to decipher the mystery of God's Wrath examining another prophet Zephaniah, while focusing on the ending of the Apocalypse, decoding ancient scripture. (Pearl #246, Pearl #112)

Pearl #243 - The Book of Zephaniah Decoded

A Second Court Witness is presented with detailed events put in brackets to alert us how the Apocalypse projected 2008-2015. This decoded scripture is a sequel of Pearl #245 Tzolkin clock to emphasize a warning from ELOHIM to counsel everyone.

20 x "I Will" & 31x "SHALL"

(Copied from the NRSV Bible)

The word of the Lord-YHWH that came to Zephaniah, son of Cushi, son of Gedaliah, son of Amariah, son of Hezekiah, in the days of King Josiah, son of Amon of Judah.

I will utterly sweep everything (*poisoned environment*) from the face of the earth, says the Lord-YHWH (*with an asteroid*).

I will sweep away (*evil*) humans and (*GMO*) animals;

I will sweep away (*mass-produced deadly GMO in the food chain*) the birds (*chicken-turkey*) of the air and the (*Frankenstein salmon*) fish of the sea.

I will make the wicked (*politician*) stumble.

I will cut off (*atheistic*) humanity from the face of the earth, says the Lord-YHWH.

I will stretch out my hand against (*disobedient*) Judah, and against all the inhabitants (*Palestinians and Jews*) of Jerusalem; and cut off from this place every remnant of Baal (*Islam religion*) and the name of the idolatrous priests (*Ayatollah's*); those who bow down on the roofs to the host of the heavens (*Babylon half moon*); those who bow down and swear to the Lord-YHWH, (*Rabbi's*) but also swear by Milcom (*High-Technology*); those who have turned back from following the Lord-YHWH, who have not sought the Lord -YHWH or inquired of him.

Be silent before the Lord God-YHWH!

For the day of the Lord is at hand; the Lord -YHWH has prepared a sacrifice, he has consecrated his guests.

On the day (*4 April 2015*) at the Lord's -YHWH sacrifice (*passover-Yamei Matzot {Death-Angels}*)

I will punish the (*UN*) officials and the king's sons (*dictators*) and all who dress themselves in foreign attire (*diplomats*).

On that day

I will punish all who leap over (*divide*) the thresholds (*10 Commandments*), who fill their master's house with violence (*terrorist*) and fraud (*bankers and judges*).

On that day, says the Lord-YHWH, a cry (*TV headliner*) will be heard from the Fish Gate (*TV-Media*), a wail from the Second Quarter (*UN building*) a loud crash from the hills (*White House*). The inhabitants of the Mortar (*world community*) wail for all the (*Stock Market*) traders have perished; all who weigh out silver (*worthless paper investments*) are cut off.

At that time I will search (*X-Ray*) **Jerusalem**

with lamps, (*expose*) and I will punish the people who rest complacently on their dregs (*money*), those who say (*wishy-washy*) in their hearts," The Lord-YHWH will not do good, nor will he do harm"(*there is no good or evil but all is relative*).

Their wealth shall be plundered, and their houses laid waste. Though they build houses, they shall not inhabit them; though they plant vineyards, they shall not drink wine from them.

The **Great Day** of the Lord-YHWH is near, near and hastening fast; the sound of

the day of the Lord-YHWH Wrath

is bitter, the warrior (*military defeated*) cries aloud there.

That day will be a day of **Wrath**, (*lightening-burning rocks in the sky surrounded by a cosmic light Jesus appearing*)

a day of distress and anguish,

a day of ruin and devastation,

a day of darkness and gloom,

a day of clouds and thick darkness,

a day of trumpet blast and battle cry against the fortified cities and against the (*Russian-Chinese*) lofty battlements.

I will bring such distress upon people that they shall walk like the blind; because they have

sinned against the Lord-YHWH, their blood shall be poured out

like dust, and their flesh

like dung.

Neither their silver nor their gold will be able to save them

the day of the Lord's-YHWH Wrath:

In the fire of his passion

the whole earth shall be consumed; for a full,

a terrible end he will make -all the inhabitants of the earth.

(Chapter 2 – Read Zechariah 1:10-18)

Gather together, gather, O shameless (*UN*) nation,

before you are driven away like the drifting chaff,

before there comes upon you the fierce anger of YHWH,

before there comes upon you

the day of the Lord's -YHWH Wrath.

Seek the Lord-YHWH, all you (*true Christians*) humble of the land, who do his commands;

Seek (*first*) righteousness,

Seek humility; perhaps you may be hidden (*survive*) on

the day of the Lord's-YHWH Wrath.

For Gaza (*far vision Bible telescope*) shall be deserted, and Ashkelon (*Tel Aviv-Yafo Israel*) shall become a desolation; Ashdod's people (*Lebanon*) shall be driven out at noon, and Ekron (*Palestinian occupied cities*) shall be uprooted. Ah, inhabitants of the seacoast, you (*Islam*) nation of the Cherethites! The word of the Lord-YHWH is against you, O Canaan, land of the Philistines (*Palestinian occupying Jewish land*).

I will destroy you until no inhabitant is left.

And you, O seacoast (*Gaza*), shall be pastures, meadows for shepherds and folds for flocks. (*Totally depopulated*)

The seacoast Gaza shall become the possession of the remnant of the house of Judah, on which they shall pasture, and in the houses of Ashkelon (*Israel*) they shall lie down at evening. For the Lord-YHWH their God will be mindful of them and restore their fortunes. I have heard the taunts of Moab (*Saudis*) and the reviling of the Ammonites (*Jordan*), how they have taunted my people and made boasts against their territory.

Therefore, as I live, says the Lord-YHWH of hosts, the God of Israel, Moab (*Saudis*) **shall** become like Sodom and the Ammonites (*Jordan*) like Gomorrah, a land possessed by nettles and salt pits, and a waste forever.

The remnant of my people **shall** plunder them, and the survivors of my nation **shall** possess them. This shall be their lot in return for their pride, because they scoffed and boasted against the people of the Lord-YHWH of hosts.

The Lord-YHWH will be terrible against them; he will shrivel all the God's (*technology*) of the earth, and to him **shall** bow down, each in its place, all the coasts and islands (*Britain*) of the (*UN*) nations.

You also, O Ethiopians (*Egypt*), **shall** be killed by my sword. And he will stretch out his hand against the north (*Russia*), and destroy Assyria (*Turkey-Syria-Iran-Iraq-Afghanistan-Pakistan*) and he will make Nineveh (*Iraq*) a desolation, a dry waste like the desert.

Herds **shall** lie down in it, every wild animal; the desert owl and the screech owl **shall** lodge on its capitals; the owl shall hoot at the window, the raven croak on the threshold; for its cedar work will be laid bare.

Is this the exultant city (*Damascus-Syria [Isaiah 17] NYC?*) that lived secure, that said to itself,

"I am, and there is no one else?"

What a desolation it has become, a lair for wild animals! Everyone who passes by it hisses and shakes the fist.

(Chapter 3 - read Zachariah 2:1-15)

Ah, soiled, defiled, oppressing city! (*Jerusalem*)

It has listened to no voice;

it has accepted no correction.

It has not trusted in the Lord;

it has not drawn near to its God.

The officials within it are roaring lions;

its judges are evening wolves that leave nothing until the morning.

Its prophets are reckless, faithless persons;

its priests have profaned what is sacred, they have done violence to the law.

The Lord-YHWH within it is righteous; he does no wrong.

Every morning he renders his judgment, each dawn without fail; but the unjust knows no shame.

I have cut off (every *UN*) nations; their battlements are in ruins;

I have laid waste their streets so that no one walks in them; their cities have been made desolate, without people, without

inhabitants (*global every city shattered by 10 days massive earth quakes caused by the 52Km asteroid*).

I said, "Surely the city (*Jerusalem*) will fear me

it will accept correction; **it will** not lose sight of all that I have brought upon it. "But they were the more eager to make all their deeds corrupt. Therefore wait for me, says the Lord-YHWH,

for the day when I arise as a witness

for my decision is to gather nations (*Russia-China*)

to assemble kingdoms (*Europe*),

to pour out upon them my indignation, all the heat of my anger; **for** in the fire of my passion all the earth shall be consumed.

At that time will change the speech (*global English Language*) of the peoples (*nation*) to the pure (*original Hebrew Adam-Eve*) speech, that all of them may call on the name of the Lord-YHWH and serve him with one accord. (*Zech. 3:9-10*) From beyond the rivers of Ethiopia (*future Civilization-God Kingdom on Earth*) my suppliants, my scattered ones, shall bring my offering.

On that day you shall not be put to shame (*Israel*) because of all the deeds by which you have rebelled against me; for then I will remove from your midst your proudly exultant ones, (*Knesset bureaucrats-politicians*) and you shall no longer be haughty in my holy mountain. (*Pearl # 120*)

I will leave in the midst of you a people humble and lowly. They **shall** seek refuge in the name of the Lord-YHWH — the remnant of Israel they **shall** do no wrong and utter no lies, nor **shall** a deceitful tongue be found in their mouths. Then they will pasture and lie down, and no one **shall** make them afraid. Sing aloud, O daughter Zion; shout, O Israel! Rejoice and exult with all your heart, O daughter Jerusalem! The Lord-YHWH has taken away the judgments against you, he has turned away your enemies. The king of Israel (*Jesus Christ the only begotten Son of*) the Lord-YHWH, is in your midst; you **shall** fear disaster no more. (*Zechariah 3:11-15*)

On that day it shall be said to Jerusalem:

Do not fear, O Zion; do not let your hands grow weak. The Lord-YHWH, your God, is in your midst, a warrior who gives victory; (*repeated again*)

The Lord-YHWH, your God, is in your midst a (*eternal cosmic*) warrior who gives victory;

he will rejoice over you with gladness,

he will renew you in his love;

he will exult over you with loud singing as on a day of festival.

I will remove disaster from you, so that you will not bear reproach for it.

I will deal with all your oppressors at that time. And

I will save the lame and gather the outcast, and

I will change their shame into praise and renown in all the earth.

At that time (12 o'clock) – 21 September 2017

I will bring you home at the time when I gather you

I will make you renowned and praised among all the peoples of the earth, when

I restore your fortunes before your eyes, says **YHWH**

Conclusion: The Apocalypse is Only 5 Months?

Jesus said observe the sign Matthew 24 for the Apocalypse:

1. Watch the next event in Jerusalem. The Palestinians and Jews will share the Holy Temple Mount. It will be divided by a cement wall one side the Islam Mosque next a Jewish Holy place. But the Jewish sacred real estate will only have on it a temporary structure like a replication of Moses Tent Tabernacle. That will resolve a political Islam solution or interim UN peace resolution to fulfill prophecy calculated **4 April 2015**. It is defiling his holy name once more in violation of His covenant will make ELOHIM very angry tied to another Jewish holocaust. (Pearl #174 – *The Future of Two Temples*).

He said to me, "Mortal, this is the place of my throne and the place for the soles of my feet, where I will reside among the people of Israel forever. The house of Israel shall no more defile my holy name, neither they nor their kings, by their whoring...When they placed their threshold by my threshold and their doorposts beside my doorposts, with only a wall between me and them, they were defiling my holy name by their abominations that they committed; therefore I have consumed them in my anger." (Ezekiel 43:7-12 NRSV)

2. Watch for two extraordinary Preachers like Jonah pointing out God's WRATH with great signs and wonder, healing and supernatural demonstration. They will be killed after 42 months in Jerusalem.
3. Watch the global headliner event on 9 Av - **25 July 2015** in Jerusalem. Read Pearl #135 - *Did Ancient calendars and clocks forecast the Future?*
4. Watch: <http://www.youtube.com/watch?v=HXUqfNQ3J0o>
5. The Apocalypse tribulation will end with many nations assembled sending an army to Armageddon to squelch an Islamic uprising to prevent the final genocide of Israel. But is accelerating into World War III and itself being destroyed by a 52 Km asteroid appearing according to (Matthew 24:29). Check Babushka Egg #10 **ELOHIM Jod Supreme Court** to discover the reason.

To wrap up Jonah's Warning, the Apocalypse has started in the *Heh*-dimension where Satan and his bunch got thrown out by the Archangel Michael's army. They will arrive on the earth in the *Daleth* dimension on a date projected **4 April 2015**.

That causes the Apocalypse period Jesus warned us about, to end on **17 September 2015**. Satan knows that the ELOHIM has permitted only **5 months** for the Apocalypse (Rev. 9:5) and will now permanently be evicted bound in Hell for thousand years. But his 200 million evil fallen angel-demons from the Kosmos netherworld controlling the atheistic One-World-System will be totally eliminated and executed, disappearing forever during **God's-WRATH** by a special designed extremely powerful force of **(4) DEATH ANGELS**. The cosmic EVIL influence will now be absent in the next Third Civilization-God's Kingdom on Earth with unending bliss.

The final curtain act will gather many nations lead by the Satan-Antichrist collecting one of the greatest historic military armed displays of modern technology ever gathers at Armageddon

accelerating toward a global uncontrolled frenzied nuclear conflict. Satan's final strategy is aimed to make this earth totally lifeless and bare like the universe. (Pearl #233) But just in time, the Creator ELOHIM-YHWH steps on top of Jerusalem to preserve LIFE for future mankind destined to last another 1000 years, ruled by the only begotten son Jesus Christ, King of kings, Lord of lords. (Rev. 19:11-21) Part 3.

On the edge of a gigantic global nuclear exchange billions Mortals tainted with evil will perish too in **God's WRATH**. It is repeating ancient history similar to the Atlantis Civilization (5 February 2287 BC) to remove any traces of EVIL on earth. Again an asteroid will cause an earth-axis change with science consequences. Only ISRAEL, young gentile children-babies and adults belonging to the Saints separated like sheep from the goats Jesus preached **will incredible survive**.

What is not taught in church but is verified throughout the scripture that God's Kingdom on Earth will no longer tolerate the many global religions invented by Satan all will be totally annihilated and forgotten. Only one true divine mono-religion of the Bible will be taught by the resurrected Saints to the surviving children and even ISRAEL will adapt a revised faith to honor the ELOHIM. The Apocalypse placenta atheistic world-system will be totally burned by the asteroid, read the 70 events from four prophets in the Bible **"On That Day"** as Satan's global destructive cancer - atheistic politics and religions must be cut out with **God's WRATH**. (Pearl #245)

We have learned that the Fifth Angel in the *Heh*-dimension heaven (Rev. 9) usually translated *The Angel of Jehovah* is in charge of four (4) special Death Angels designed to be an efficient executioner similar to in (Exodus 12:29 /13:15) killing all the firstborn in Egypt during Moses time, similar to when King Hezekiah was surrounded by 185,000 soldiers all were killed over night. (2 Kings 19:35) (Pearl #246)

Death Angels will be used again selectively killing two thirds of the leftover civilization during **God's Wrath** chosen like goats from sheep. That is illustrated in: *"two men will be in the field, one is taken the other is left."* (Math. 24:40) They are instructed by what Jesus preached in is discourse, now redefined as thirteen (13) Judgment violations of God's Wrath:

"You have heard that it was said to those of ancient times, 'You shall not murder'; and 'whoever murders [goat] shall be liable to judgment.' But I say to you that if you are angry [goat] with a brother or sister, you will be liable to judgment; and if you insult [goat] a brother or sister, you will be liable to the council; and if you say, 'You fool [goat],' you will be liable to the hell of fire [goat]. (Matthew 5:21-22 NRSV, [brackets added])

When Satan loses the heavenly battle with Archangel Michael's army he will continue for **five (5) months** in the *Daleth* dimension Earth level. Mortals will then physically experience what Hell is like starting **(4 April 2015)** when being surrounded with horrible demon possessions. Jesus referred to it as the worst time ever for Mankind. After 150 days all Demon Angels are terminated by the Four Death-Angels and Satan is bound in iron chains being incarcerated in the dark netherworld for a thousand years. The world War III ended with a 52 Km asteroid strike followed by gigantic earthquakes according to science and metaphysic projections on **17 September 2015**.

The End Story - God's Kingdom on Earth 2018-3018

The King of kings, Lord of lords, **Jesus Christ** will return to earth in extraordinary unimaginable cosmic splendor, in a spectacle of a brightly lit gigantic 1800 mile Kosmos Satellite spaceship (Star of Bethlehem) lights flashing and shining globally suspended in the sky brighter than the sun. Hovering over Jerusalem His first event accompanied with mighty heavenly dignitaries will walk backwards the same path of the historic 14 stations, which became a tourist attraction where he carried 2000 years ago his cross to Golgotha.

A new birth of a totally different civilization never experienced before will have started with a new calendar to last 490 Daniels years as mentioned in Pearl #224 emerging with Satan no longer is around to tempt mankind with evil. To widen a knowledge horizon much is explained in Babushka egg concept books and Pearls. Worldwide a new mono-language will be introduced rooted in the historic Bible, God's unerring WORD, but still will have the ethnic diversity preserved of various cultures as nations are reborn from the surviving children as evil adults all have perished. It appears that only small children innocent not evil will survive being taken care of by the 200 million FIRST BORN resurrected Saints and fed with the Manna until grown up. God again provided to sustain life as experienced during Moses time. ...*Jesus said, "Let the little children come to me, and do not stop them; for it is to such as these that the kingdom of heaven belongs."* (Matt. 19:14)

The FIRST BORN from various centuries since Adam will rule the new World Order and imprint the good things creating new lifestyles energized and directed by divine council. The social order can no longer be compared what historical was, as new laws are introduced to implement much of the foundation previously laid out in the Gospel for example:

...for in Christ Jesus you are all children of God through faith. There is no longer Jew or Greek, there is no longer slave or free, there is no longer male and female; for all of you are one in Christ Jesus. And if you belong to Christ, then you are Abraham's offspring, heirs according to the promise...And because you are children, God has sent the Spirit of his Son into our hearts, crying, "Abba! Father!" (Galatians 3:24-4:7)

It does not take a rocket scientist to realize how revolutionary this new society will be organized to have finally peace on earth, as war will no longer be remembered. The earth and nature is groaning for its redemption the revelation of the Saints will help Nature to its former splendor. A climate change will open up more land now under permafrost changed to a more temperate climate. The earth will be purified once more like in Noah's day as a smaller earth-axis wobble will shake the ocean again caused by the asteroid creating a mini-flood. It will clean up the garbage and poison leftover in every country and oceans.

The elevated mountain top around Jerusalem is pronounced HOLY, as described by Ezekiel and is a replication, the one in heaven now placed in orbit like a satellite again a Star of Bethlehem (Pearl #174) shining like in ancient times. ISRAEL will build the Fourth Temple on top, which will not look like a cube with 6 sides, like 666 (AxBxC), but must now conform to the metaphysical 5-sided Pyramid Kosmos system overlay

because God's creation is based on Divine intelligence linked to the Hebrew Alphabet Number System. (Pearl #246)

Under the Pyramid-Temple foundation from deep inside the earth will become the source of two large rivers filling up the Dead Sea Basin, the deepest hole on earth, with healing water. The Bible mentioned fruit trees on both sides and plenty of fish caught with nets. In addition Satan's counterfeit religions propagated for 6000 years that corrupted so many societies reflecting the worship of demons will no longer be allowed living on earth. Evil must be replaced with God's righteousness to make a future God's Kingdom on Earth flourish. The core message of the New Mono faith is:

Let the same mind be in you that was in Christ Jesus who, though he was in the form of God, did not regard equality with God as something to be exploited, but emptied himself, taking the form of a slave, being born in human likeness. And being found in human form, he humbled himself and became obedient to the point of death—even death on a cross.

Therefore God also highly exalted him and gave him the name that is above every name, so that at the name of Jesus every knee should bow, in heaven and on earth and under the earth, and every tongue must confess that Jesus Christ is Lord, to the glory of God the Father -YHWH. (Philippians 2:5-11 NRSV)

The Time Dimension Curtain Closes

After 1000 years (3018 BC – 9 Av 6777) one more assignment is waiting for Satan for the final act closing the Kosmos Theater stage curtain. Satan's initial rebellion caused the Time Dimension to appear in 4488 BC and consequently he is featured to end with another last rebellion unrepentant being the last evil actor leaving the stage of the creation story curtain of the Elohim's KOSMOS PLAN Theater. (Revelation 20:7)

Satan is appointed to end the Time Dimension for the last act, as Hell was previously emptied of its inmates. All previous mortals and angels will have disappeared willingly, with a free choice to accept God's final offer explained in Part 2.

Satan will now find himself totally alone. God will ask him concluding questions like these:

Where are your friends, those who started your rebellion alongside you? Why is the place empty? Where are those mortals who served you? They all have left Hell willingly - all are gone!

You, who ruled the Kosmos, the most powerful Arch Cherub Angel, why have you perverted "My Creation" since you knew very well that without the Alpha-(+ONE)-Force the infinite energy fueling the Kosmos coming from within the Godhead, nothing can exist?

Satan for the first time is now silent, bowed on his knees, totally naked, alone with not one being on his side, stripped of everything, naked before his Creator. He will ask, "Please make an end of me, too. I beg."

A principle emerges that we can learn from: Life is given or taken away only by the Creator. It is a free gift, even for Satan. But it is also linked to consequences for all created beings. One option is to accept God's invitation and appreciate to live in his House

(Beth) according to his rules, or choose death, the second option, and be dissolved into nothingness. In science even NOTHING as a concept cannot exist in nature without the LOGOS (John 1) expressing intelligence directing nature to give it Gestalt.

Hell, the Time Dimension and Evil were the result of Satan's rebellion in 4488 BC and will conclude in the Lake of Fire, the biggest black hole in the universe. Only the embedded immune system in every Saint and resurrected Mortal will forever remind that there was a time of EVIL, when mankind was tested and forgiven. This will be remembered in the New Heaven-New Earth: we must be ever vigilant to honor the Creator, so that Evil will never be possible again.

Being inoculated with evil only has an inbuilt memory to remind mortals and angels alike what existed in a Time-dimension lasting 7000 years measured by an earth axis going around the sun sustained by the creator. But unspeakable Life on a higher order (butterfly) will continue and expanding for those being chosen by the creator ELOHIM enjoying its splendor now perfected and forever grateful. That will finally close the Kosmos Theater curtain, ending the consequences of Lucifer's rebellion drama in the *Heh* and *Daleth* dimensions. The curtain falls as the last actor exits the stage.

Time and Evil are no more – Hallelujah!

That KOSMOS drama will never be replayed again and all those who got lost are eternally forgotten. Maybe God has some kind of cosmic TV not mentioned in the Bible and offer history re-run channels I like to see what was it like to live in the first century after the expulsion of Adam and Eve. Otherwise will have only a subconscious memories of what was, as LIFE is continued on the *Jod* dimension exponential expanding into New Heaven (*Kaf*=20) for angels or a New Earth for redeemed mortals promised for those who want to live forever.

My advice to you is to play it safe. Choose wisely and do not stand in the middle of the conflict with Satan, but be sheltered. Call on Jesus' name the LOGOS described in the Gospel of John to be resurrected and saved in the last Resurrection. But could choose wisely, but if offered a better option belonging to the FIRST BORN Saints who is the entourage of the King Jesus Christ given only to those having more love-oil told by Jesus in his 10 virgins story (Matt. 25:1-13 - Pearl #200).

I hope my writing will point out that we are in the middle of the Apocalypse to make a decision just in time, as Jonah came to the town square again to announce, "REPENT" like ancient Nineveh. To prove that the ELOHIM means business He published the 9th Babushka egg concept book sent to 60 embassies. It is described where energy comes from and re-discovered by Nicola Tesla. Check it out free on the Internet. The **Ultimate Renewable Energy Engine** will give mankind totally free energy for a thousand years, even designed 16 electric generators using Gravity-Water-Air and Magnetism extracting a clean unlimited nonpolluting Electricity energy.

A second witness was provided for the atheistic skeptic with the #10 Babushka egg concept book **ELOHIM JOD SUPREME COURT** that documents why the Apocalypse is essential for Mankind to start a new Civilization to last 1000 years (2018-3018). It reminds a 21st Century Civilization the last generation mortals that their world politics is controlled by evil GMO-Oil

Cartels linked to a determined to demolish God's creation and to annihilate all LIFE on earth fuelled by corrupted global governments and stealing bankers printing fiat money. Those serving Satan and his unsustainable destructive evil system will be terminated by **GOD'S WRATH – guaranteed!**

Mankind once more is in gross violation of ELOHIM's contract. It initiated a Kosmos Court session @ 2012 in the *Heh*-dimension were MANKIND was put on trial and found guilty abhorrently violating the **KOSMOS LAW**.

Read about the court proceedings, a science prosecution lawyer making a case from the ELOHIM JUDGE with a verdict recorded in the Babushka egg concept books #10. Do not miss it could widen a knowledge horizon to 360°. (Pearl #246)

I hope to avoid writing another Babushka book waiting for my savior for a new Saint School assignment educating the future generation. Therefore, no more new stories on the Internet may come along as time will have run out. The atheistic world political system will accelerate in a full storm with more confusion out of control one way another and will end when Jesus himself comes with power in the sky.

Read once more the Second Witness Babushka egg concept book so unusual not allowed & upsetting universities believing evolution lies now learning about reality getting more answers from the forbidden Bible. It is perhaps the last advice and became the 11th Babushka egg concept book to announce "**Jonah's Last Warnings Gentile & Jews**" now concluded revealing a meaning of the

Hebrew letter #11 = **Judgment**. Until then, prove what is right and wait in faith based on TRUTH.

Watch 17 September 2015 – 2017!

And he said to me, "These words are trustworthy and true, for the Lord, the God of the spirits of the prophets, has sent his angel to show his servants what must soon take place."

"See, I am coming soon! Blessed is the one who keeps the words of the prophecy of this book."

Do not seal up the words of the prophecy of this book, for the time is near. Let the evildoer still do evil, and the filthy still be filthy, and the righteous still do right, and the holy still be holy.

"See, I am coming soon; my reward is with me, to repay according to everyone's work. I am the Alpha and the Omega, the first and the last, the beginning and the end."

"Blessed are those who wash their robes, so that they will have the right to the tree of life and may enter the city by the gates."

Outside are the dogs and sorcerers and fornicators and murderers and idolaters, and everyone who loves and practices falsehood. (Rev. 22:6-14)

God's Plan for Mankind represented in a Hebrew clock across eons of time.
