

Leftover Mirrored Prophecies from Jonah-2

(7-1-2017)

.....***This and That***.....

The Website of Jonah-II will report what is not allowed by global universities and governments bypassing fake NEWS. Thus, be ready and take along a pardon when this civilization will perish in God's Wrath. If you think you are an exception perhaps there is another undiscovered Babushka printout waiting diving again in the Bible Ocean on this website and find another free Pearl?

Babushka eggs reflect in the river of time many prophecy mysteries of the Torah-Bible now encoding the last rebirth of Mankind pivoted on the footstool of YHWH in Jerusalem. The global town square heard the last echo of Sound Bite Warnings from a retired Jonah-II to alert a World Oder will shortly perish like Sodom and Gomorrah matching 120 Jubilees using bible history after Solstice 2017 (**5778**).

Worldwide seven billion tenants ransacked YHWH's property with toxic waste causing massive extinction in unforgiving nature, thus will trigger **God's Wrath** again to clean up his house. YHWH will once more wipe out a rebellious evil civilization to start over again. Mankind was deceived by a Lucifer evolution religion that misled everybody in fake science, but true reality finally exposed prophecy.

At the Endtime the last war in heaven is continued on a temporal *Daleth* dimension expelling demon-angels to earth to be judged together with Mankind. Satan's domain will terminate on ***That Day*** (Babushka egg #11) to make room for a divine Kingdom. (**Matt. 4:8**) Lucifer never gave up to be co-equal to Yeshua-Jesus thus I question who published the ***Hallelujah Bible*** free for the asking? The word Hallelujah was sung in Handel's 1741 oratory, but is it found in any Bible? In the beginning Lucifer lied to the angels that he was the creator. Perhaps soon losing his job he wanted to be remembered, thus he put his name like co-author on the "last" translated English Bible, since the next generation will reverse the Babel confusion back to the language Adam spoke. The Hallelujah Bible editor removed all references, which could have the fingerprints of the Illuminati NYC bankers on it, financing a global money system. One way another, perhaps Satan camouflaged his name Lucifer *the Light bearer* translated Halal. But notice he put his name "before" YHWH to be first in the original Torah story. ***Hal-el and YHWH shall be praised***
