

## 9 Av of Jewish History

The prophecy of the return of Yeshua-the-Christ is imminent and is intertwined in Jewish history. Tracing the past of mankind since Adam and Eve we find many interruptions where YHWH the Creator had to correct a human race in various locations. An Apocalypse was sent to save His creation when Evil became absolute. Evil caused mankind's mortality of a temporal caterpillar-cocoon-butterfly system but need an added immunity illustrated in nature to continue Eternal Life. Thus, a fallen Satan was appointed to inoculate all of mankind with a large dose of evil that will cause the gift of immortality to become resistant to Evil. A future resurrected life on a New-Earth will forever be free of Evil prophesied by Yeshua in **Rev. 22**. For those seeking Truth more is uncovered in Babushka egg books concepts linked to the Hebrew Alphabet Number System. It showed that free energy, atom, DNA intelligence to every living substance is climaxed in humanity: all is based on prehistoric Kosmos **Good and Evil** Laws.

Therefore, mortal mankind made in the image of the Creator will be judged on the end of the Time Dimension facing two (2) options: **Mercy unto Life** or **Mercy unto Death**. Yeshua our defense lawyer will evaluate each person's immunity against evil, which is needed not to repeat a historic judgment of a Satan's rebellion with millions of his angels. Every redeemed mortal designed with a free Will must thus be inoculated against Evil to live in eternity secured and shielded.

The Creator YHWH restarted the human race after Noah 2288 BC that destroyed a hi-tech transgenic nature through mixing foreign genes to create forbidden horrible aberrations. The recorded divine Torah story was written by appointed scribes under a penname to chronicle like tape-recorders superimposed by a corrected 7000-year Hebrew calendar. Not everybody is qualified to interpret events from the metaphysical side of the *Daleth* dimension to recognize the eternal consequences detailed in the blueprint of the Plan for Mankind.

To write mankind's history, YHWH picked Enoch, Noah, Abraham, Moses and some Gospel writers revealing in stages God's Plan for Mankind. To make it credible for skeptics, hundreds of events were prophesied in advance to confirm that divine information can be trusted. Writing across thousands of years more pen-writers were added. YHWH selected Abraham with promises to make him special. From him came forth a tiny Jewish nation appointed to record divine revelation and historic consequences of evil passed on to educate a future generation. To trace time many calendars were invented; some are not yet investigated but found in many museums linked to bronze-gold clocks only recently decoded in **Babushka Egg Book #3**. They match calendars to determine Yeshua's return at the front door?

When the conceptual math of the Hebrew Alphabet Number System is applied, one can date the prophesied return of Yeshua if matched with corrected calendars. The blueprint of God's Plan for Mankind is revealed in the very first verses of Genesis on how the universe was created to operate with "infinite energy". When it crystallized matter-elements- genes in the Time Dimension created our earth explained in a New Atom theory, **Babushka egg concept Book #6, #7 & #9**.

A Hebrew calendar is regulated by special (7+5) festivals as the Creator is supervising his creation and divided a divine intent in five (5) prayer holidays to end in judgments. Let's look at the significant sufferings on the **9<sup>th</sup> Av** that the Jewish people historically endured which could prophesy a last Jacob's Trouble to remove Israel from the map. Satan tried it for thousands of years, but that tiny nation is protected by a divine covenant to continue forever until the sun, moon and stars will no longer be in the sky.

The last prophesied Jacob's Trouble explained in **Pearl #120** is thus linked to Yeshua's return to save his people after over four (4) million Jews around Jerusalem are murdered again as foretold in the Torah-Bible.
