### **A Closing Word**

We have now come to the end of this book. The process of writing has been quite a challenge for me. I agonized, brooded over it, and changed it many times. When I first undertook this journey, revelation came by bits and pieces, and I was occasionally tempted to call it quits.

At the beginning I had quite a few problems overlaying the 7,000 years of human history with the seven (7) prophetic years of the Apocalypse. One area concerned computing Babylonian time to ours. The slightest alteration would change considerably the interrelationship of the Toltec/Aztec, Chinese, and Hebrew systems, and all had to conform to the authority of the Bible. But when I finally overlaid and calculated all the data, the result was an absolute bull's eye.

The 4<sup>th</sup> month of the Jewish calendar became the key element in the Hebrew Alphabet Number System that connected all these other calendars on one future day. This by itself makes for an outstanding proof and suggests strongly that the Apocalypse will happen as I have

predicted. My timing of all these events may still need some minor recalibration, but the events will align themselves at the time of their fulfillment according to the written prophecies.

One thing is certain: God's plan for this universe is fixed. Time and again I found that the calculated dates for the events of the Apocalypse correlated with the signs in the heavens. Like the gears of a cuckoo clock, the historical and prophetic tables synchronize with the cosmic clock set in the universe from the beginning. As Sovereign, God could decide to accelerate or delay the dates of implementation as needed to accomplish his merciful goals, but I do not believe that he will do so.

The Apocalypse in the *Daleth* dimension reflects heavenly purposes. Because the prophesied earthly events and dates are linked to heavenly events, they will take place when the heavenly clock gears linking the two have moved into their appointed positions. God has set the schedule from creation. The clock is built into the cosmos with the hands moving in conjunction with the sun, moon, planets and stars. The meshed gears are calibrated so that the Apocalypse will appear on schedule.

The key link between the two is Satan's expulsion from heaven on 21 December 2012. The process of restoring the kingdom of God on earth during the *Teth* Age begins in heaven during the *Cheth* age. Satan's expulsion from heaven enables the joyous preparations for the marriage of the Bride and the wedding feast. These events initiate the mandated resynchronization of the *Daleth* and *Heh* dimensions that will structurally create the millennial age [*Daleth* (4) + *Heh* (5) = *Teth* (9)]. This new age to come is both a recapitulation and an expansion of the contiguous and contemporary presence of the *Daleth* and *Heh* dimensions in the Garden of Eden as described in my first book.

The Bible confirms that God has planned this confluence of dual-dimensional events from the beginning. I keep discovering more overlays every time I read my book. For example on the 4<sup>th</sup> day - the *Tammuz* position day of the creation week - God said:

"Let there be lights in the expanse of the heavens to separate the day from the night, and **let them be for signs and for seasons and for days and years**; and let them be for lights in the expanse of the heavens to give light on the earth"; and it was so.

God made the two great lights, the greater light to govern the day, and the lesser light to govern the night; He made the stars also. God placed them in the expanse of the

Discovering and Dating the Biblical Apocalypse 2008-2015

heavens to give light on the earth, and to govern the day and the night, and to separate the light from the darkness; and God saw that it was good. There was evening and there was morning, a fourth day. (Genesis 1:14-19 NASB, emphasis mine)

The 4<sup>th</sup> day of creation is the *Daleth* (4) day and occupies the *Tammuz* position in the 7-day Creation Week. Since *Daleth* is the dimension of "this time and place," it is not surprising and indeed, significant that God placed the sun, moon and stars in heavens to be for "signs and for seasons and for days and years" on the 4<sup>th</sup> day. (Genesis 1:14) We are reminded that God has laid out his plan for humanity from the beginning and from the beginning he has put markers in the skies to track that plan's progress – not for himself but for us! The Bible has vital chronological information buried within its pages that enable us to understand this plan in advance.

God's plan for mankind has specific markers, which we have discussed with some detail in this book. I have learned to automatically adjust my thinking now when I see a *Daleth* or *Heh* position. I am alerted to look at it a bit more carefully and from several viewpoints. I feel like a little boy venturing on a nature trip who overturns a rock just to see what creatures are hidden under it.

Only the fantastic, multifaceted mind of God could put together such a multidimensional communication system as the Bible. Today, thousands of years after its original authorship, the Bible continues to enlighten our minds about God's plan for humanity. We simply need to ask and listen for his answer. Every time the cuckoo clock bird in my room announces his presence, I am reminded of how incredibly God has preserved His Word for thousands of years. I feel privileged to have unlocked this mystery. The announcement of the Apocalypse is the last wake-up call to alert the world to the drastic changes that will soon occur; therefore, we must take this warning seriously.

After having spent hundreds of hours on this book and listening daily to news from around the world, I now intensely look forward to that greatest event in history: the soon return of God's Son, Jesus. I can remember the world when it was teeming with fish, insects, butterflies and flowers. Life was family oriented then. Much has changed, and the new generation, including my own children, will never know the splendor of the world I knew.

## **Another Discovery about Dual-Rail Thinking**

While visiting my relatives in Germany, I was browsing through a local newspaper, the *Lerverkusener Journal*<sup>1</sup>. I noticed in it a story originating from the United States of America about a group of scientists at the University of Pittsburgh who published an article on the Internet about "Nature Neuroscience." The headline was "One Task, but Two Solutions." The article explained that the human brain has two different methods of thinking to arrive at a solution for any given question.

This article reminded me of how Dr. Albert Einstein explained his theories about the universe on a blackboard by using math symbols to explain the relationships between the forces of the universe. It describes how the human brain can process information two different ways in order to come up with an answer for any given question. The first way is by "reading text," and the second is by "manipulating mathematical symbols." Other researchers have often correlated these alternate methods of thinking with the differing functional characteristics of the brain's right and left hemispheres. The left side is usually presented as being the center of verbal and deductive thinking while the right side specializes on spatial and intuitive creativity.

Our brains can find solutions by processing either text (left hemisphere) or mathematic symbols (right hemisphere). Some problems we solve with mostly one side of our brain while others are solved predominantly with the other side. If a problem resists solution by textual analysis, the brain will reroute and park it on the right side of the brain where the problem's pieces and wholes are converted into symbols for nonverbal processing. In everyday language we might refer to this transfer and conversion into symbols for reanalysis as "sleeping on it."

My insights into the Bible are presented using a two-railed railroad track. We are traveling on the train of the present throughout the ages of God's plan for humanity. Our train travels through the Bible's historic-prophetic periods of time, which I illustrated in my tables with railroad stations positioned at key events or boundaries between the biblical ages. One rail of the railroad track is the New Testament of the Christian Bible; the other is the Jewish Bible or Old Testament.

When both rails are utilized properly according to biblical statements and principles, the past becomes the key to the future. The patterns revealed in the history of fulfilled prophecy show us where to place unfulfilled prophetic events that can then be tested by the other tools of my methodology.

## **The Mystery of Tammuz 17**

Discovering and Dating the Biblical Apocalypse 2008-2015

In a similar manner my discovery of a biblical Rosetta Stone revealed information on two different levels (the *Daleth* and *Heh* dimensions) that came together in one purposed solution. At the end of writing my two books, I was amazed again to find that they also follow this principle of dual divisions.

The first book, *Apocalypse Prophesied*, tells the story of humanity and God in "text" format or language. It includes about a thousand Bible verses describing the key points of God's 7,000-year plan for humanity. The second book, *Mystery of Tammuz 17*, concentrates on the 7-year period of the Apocalypse using mathematical numbers fashioned from the Hebrew Alphabet Number System and the numerical "gears of years" system that came from analyzing human history. The second book communicates with mathematical symbols and structures.

In it I show how I apply Daniel's 7:5 Rosetta Stone ratio and the Russian Egg concept to discover and verify the dates. Remember, the Russian Egg concept is where one idea overlays or is nested within another just as a progression of ever smaller eggs fit neatly within each other in perfect alignment. The designs on each egg must be the same, and they must be in scalable alignment. That is, the smaller egg is the proportionate image of the larger and *vice versa*.

The lesson here is simple. God wants to make sure that we understand his plan regardless of how our brains are organized and function. He has taken our unique characteristics into account so that we can come to follow his plan for our lives. The critical factor is that we submit our human nature to his divine being as he desires or defines it in the Bible. Many people believe that they can choose for themselves how to define God: they make a god after their own ideas about truth, goodness, evil or justice. Believe me; they are in store for an apocalyptic awakening. God is who he is, and he defines what is good and what is evil. The nature of who or what God is and plans for his creation is not something that can come from within our own egos or self-actualized philosophies.

When these two books were written, their structure came about on their own to be aligned with the way people's brains naturally think. I see this as yet one more marker that points to God's guidance in the course of my work, even though I was not aware of its implications at the time. I am sure that my humble efforts contain some imperfections, but my faith is secure that God's truth and purposes overcome my fallible human efforts in writing.

## **Spiritual Program for Eternity**

My two books tell a story from God's perspective. Together they present a divine narrative that gives us answers to questions, "Why we are here on this earth?" and "What is the purpose of life?" Because it is so important for us to understand the Bible's age-spanning perspective, I will briefly review it up one last time. Let the full impact of this summary sink into your consciousness.

Before the world was made, millions of angels were present when God began implementing his plan at the "foundation of the earth." (Job 38:4-7) But Lucifer led many angels in rebellion against God's announced purpose to create human beings from matter - the dust of the ground. He could not stand the idea of being ruled by "inferior" mortals, even though they were created in God's image and after his likeness. Yes, that is God's purpose. People who qualify will one day rule the angels and the whole universe with him. (1 Corinthians 6:3)

Qualified inhabitants of earth will one day occupy the universe presently populated by the angels. These born sons of God by faith will have become "inoculated against evil" through the hard lessons learned as mortals. They will know beyond a doubt that God's way of righteousness, joy, peace and love is the only way to continue life. All of creation will then be united under a God-centered administration as it was in the days before Lucifer's rebellion.

Lucifer was perfect in his creation, yet he became corrupted. In his pride as the "Light Bringer," this mighty angel deceived himself that the power of God flowing through him was actually derived from his own glory. He denied who made him. He "forgot" that God was the ultimate source of all. He became enamored by the music that pulsed within him and the beauty of God's light radiating from his countenance. (Ezekiel 28:12-19)

When Lucifer rebelled, his name was changed to Satan the Adversary. (Isaiah 14:12-17; Job 1:6) He who was the most powerful - the chief of all the angels, then became the Adversary or Enemy of all good. Ever since, Satan has sought to undermine God's plan to birth sons from the nations of mortals through the subtle and overt use of lying deceit. He has promised wisdom in the ways of the world. He has corrupted millions by the lure of ephemeral wealth procured with the labor of and/or at the expense of others. Others have followed the devil's ways because of a lust for the raw power of bloody violence.

Even more deceitfully damaging has been Satan's corruption of God's truth. Not only has Satan filled the world with his crafty spiritual lies and false miracles, he has also successfully infiltrated the assemblies of those who proclaim the name of Jesus as Christ. He has substituted a

## The Mystery of Tammuz 17

Discovering and Dating the Biblical Apocalypse 2008-2015

false spirit that resonates with his masquerade as some form of “christ consciousness.” This corrupted spiritual power, represented in the Bible by the Tree of the Knowledge of Good and Evil, has come in the place of God’s true Holy Spirit, which was originally represented by the Tree of Life.

From the earliest times in the Garden of Eden when God formed Adam from the dust of the ground, Satan has sought to destroy God’s plan. He has made it his all-consuming mission to prevent God’s kingdom of righteousness, beauty, joy, peace, light and love from becoming the eternal reality to be experienced by a transformed humanity and the faithful angels. Because of the impending Apocalypse, Satan knows that his time is running out and that his defeat is certain.

**God has appointed a number of ages or “times” to fill the 7,000 years of human history as depicted in the World Cuckoo Clock.** I described these ages in my first book where I gave them names after the Hebrew Alphabet Number System letter-numbers (*Waw*, *Zayin* and *Cheth*) that best reflect their purposed role in God’s overall plan. He has allowed 6,000 years for humanity to experiment with good and evil in order to experience the many failed social and political theories of government based on Satan’s corrupt and deceitful principles.

During the *Zayin* Age of human history, we must learn that we can not decide for ourselves what is right or wrong. We can not invent our own definition of love or our own image of God. Rather, we must be conformed to his image as revealed in his Son. (Romans 8:29; Galatians 2:20) Our experiences of suffering from sin burn into our characters that God’s way is the only way to choose. If we submit to his authority, these lessons create an eternal appreciation for God’s loving mercy and justice that will become part of us for eternity.

This imbedded nucleus of redemption makes us distinct from the angels. We can become spiritually “inoculated” as a protection against evil so that something like Satan’s spiritual corruption and rebellion in the *Heh* dimension will never happen again. After our bodies are transformed by the Creator into bodies that possess spiritual power and glory, we will never participate in a rebellion against our Father. (1 Corinthians 15:20-57)

At the appointed day Jesus will come back in power to begin a thousand-year demonstration of how God’s way is superior—even in the fleshly (*Daleth*) dimension. After that, mankind and the angelic host in heaven will be convinced that only God’s way leads to a better life. During the *Teth* Age, life on earth will be truly experienced “as it is in heaven.”

## **A Note to My Jewish Readers**

It is not easy to write in simple language about biblical texts, beliefs, philosophy and a strangely ancient Hebrew Alphabet Number System no one has ever heard about in simple language. Most people, including many Jewish people, are unfamiliar with the concepts discussed in these pages. In addition to these obvious obstacles, I must relate a message to our times about the violent destruction of our present western civilization within seven years. They present a true story everyone wishes were fiction. The Jewish people will find themselves right at the center of all the action. I have written my books in part to help them prepare for these coming trials.

Above I compared the plan of God for the universe and humanity with a railroad. God revealed his prophetic plan to me as a train that runs on two rails. One rail is the Jewish heritage and the other is the Christian. While either rail by itself presents enough of the story to identify the true God and reveals enough about his plan for humanity to provide a convicting witness, both rails are needed in order to get the full scope in detail of what lies ahead. I needed both rails to track down the details and dates of the Apocalypse.

For centuries too many Christians have avoided the "Old" Testament or spiritualized it away in poetic metaphors that obscured God's continuing grace toward Israel. But it is only through the covenants made with Israel that blessings of true peace and justice will come to the earth. It is the *Jewish* Messiah who will defeat the evil one that deceitfully oppresses all nations. The defeat of Antichrist is a necessary prerequisite for a new kind of prosperity to break out over an environmentally restored planet – prosperity from an economic system that does not oppress one's neighbor.

Over history many established churches have instigated and participated in the persecution of the Jewish people. In doing so they have profaned the name of Jesus Christ. While it does not excuse the more extensive and repressive Christian persecution of the Jewish people for the last 1,600 years, the truth is that each religion harbors some misunderstandings about the other.

Recent research, for example, has confirmed how the early leaders of Rabbinic Judaism severely persecuted their Jewish brothers and sisters who believed that Jesus was the promised Messiah. Best estimates are that 20% of the Jewish population (over a million people) in the first centuries AD followed Jesus. Referred to as "Nazarenes" or "*Minim*" (heretics), they were driven out of the synagogues, which meant being excluded from Jewish society and no longer considered Jews. Messianic

## The Mystery of Tammuz 17

Discovering and Dating the Biblical Apocalypse 2008-2015

Jewish believers face this same religious antagonism today from many sincerely deceived rabbis.

Each of these biblically-based traditions suffers from gaping holes in their theologies. The result has been confusion and rigid teachings that have become mental and cultural straight jackets for their followers. One example of this is that most Jewish people have **not even read** the New Testament, although many respected Jewish scholars admit that it is the largest collection of Jewish literature dated to the first century AD.

Part of God's purpose for the Jewish nation has been their role as the timekeeper and preserver of his teaching law, the Torah, for all nations. Buried in the Hebrew Scriptures lie the time factors necessary to determine **WHEN** the future Apocalypse will happen. Without understanding this part of the Bible, it is impossible to know the timing.

For Christians the New Testament represents a revelation to Gentiles and Jews alike. It is a continuation of the Hebrew Scriptures because it is a Messianic commentary on the Jewish canon written by Jews. In addition to its amplification of the Torah and its application to daily life, the New Testament reveals **WHAT** will happen during the Apocalypse and **WHERE** these events will take place.

Ask any Christian about the coming Apocalypse and its projected dating, and he will probably answer with the abbreviated Bible quote, "No one knows the hour." (Matthew 24:36) One reason is that the New Testament and Christian festivals do not provide the timekeeper parts of the picture: the feasts and fasts of Israel do that. Therefore, Christian ignorance of the Old Testament results in their lack of understanding about the time of the Apocalypse and many other aspects concerning God's activity throughout human history.

It is time for both Christians and Jews to wake up and listen to the message God has given in his Word. The time for quarrelling is over. History as we know it is running out of time. For your own sake and the sake of those you love, study what the other "rail" has to say. No train designed for two rails can run on a monorail! There is no stability: it would tip over. Faith also requires the balance of both rails. Without spiritual balance, teachings about the Word of God are twisted by human fallibility.

Turn at my rebuke; surely I will pour out my spirit on you; I will make my words known to you.

Because I have called and you refused, I have stretched out my hand and no one regarded, because you disdained all my counsel,

## **The Mystery of Tammuz 17**

Discovering and Dating the Biblical Apocalypse 2008-2015

and would have none of my rebuke, I also will laugh at your calamity; I will mock when your terror comes, when your terror comes like a storm, and your destruction comes like a whirlwind, when distress and anguish come upon you.

Then they will call on me, but I will not answer; they will seek me diligently, but they will not find me. Because they hated knowledge and did not choose the fear of the LORD, they would have none of my counsel and despised my every rebuke. Therefore they shall eat the fruit of their own way, and be filled to the full with their own fancies.

For the turning away of the simple will slay them, and the complacency of fools will destroy them; but whoever listens to me will dwell safely, and will be secure, without fear of evil." (Proverbs 1:23-33 NKJV)

Time is running out for this world system. That warning applies to everyone! Jewish people will perish who do not read the Christian Bible (the other rail) to find out **what** future events will happen **where**. Christians who do not look to the Hebrew oracles will not know **when** the Apocalypse will take place. Both will perish for lack of knowledge. (Hosea 4:6)

My hope is that these books will help to bring about reconciliation of these two great traditions. The Bible states that soon we will all share a common faith worshipping the One, true, Creator God of Israel. This is our last opportunity to avoid many of the trials soon to engulf the earth.

## **The Creator's Call to the Nations**

The **God who made the world** and all things in it, since He is Lord of heaven and earth, does not dwell in temples made with hands; nor is He served by human hands, as though He needed anything, since He Himself gives to all people life and breath and all things;

and **He made from one man every nation** of mankind to live on all the face of the earth, **having determined their appointed times** and the boundaries of their habitation,

that **they should seek God**, if perhaps they might grope for Him and find Him, though He is not far from each one of us; for in Him we live and move and exist, as even some of your own poets have said, "For we also are His children."

## The Mystery of Tammuz 17

Discovering and Dating the Biblical Apocalypse 2008-2015

Being then the children of God, we ought not to think that the Divine Nature is like gold or silver or stone, an image formed by the art and thought of man.

Therefore having overlooked the times of ignorance, God is now declaring to men that all people everywhere should repent, because **He has fixed a day** in which He will judge the world in righteousness through a Man whom He has appointed, having furnished proof to all men by raising Him from the dead. (Acts 17:24-31, NASB emphasis added)

The verses above are taken from the Apostle Paul's address to the Athenians on Mars hill. Like most of my readers, they too were not familiar with the Bible. Paul made five main points that I have addressed in my books:

1. God is Creator of all.
2. Specifically, God is the Creator of all peoples or nations (Greek *ethnos* from which we get the word, *ethnic*.) from one man.
3. From the dawn of Creation God determined and appointed a number of ages or "times" to define the history of humanity. (I gave them Hebrew numbers like *Waw*, *Zayin*, *Cheth*, *Teth* and *Jod*.)
4. The purpose of life is to seek God.
5. God overlooks our prior ignorance but calls each person regardless of nationality or religious background to repent, which means to replace our own ideas and behaviors with ones that conform to God's character as revealed in the Bible.
6. There is a certain and sure Day of Judgment coming to all peoples based on a standard (righteousness) defined by his Word.
7. The resurrected Jesus, the Word become flesh, will be the Judge and potential Savior of each person.

My books reveal the identity of the Creator God who made all people according to his divine plan from before time began. God determined and established the ages of human history as a clock maker would design the gears of a cosmic time piece. All I did was identify the cycles of years by their characteristics as they appeared to me out of my study of the Scriptures. I give them names for the sake of communication. Although I might have missed some points in describing these appointed ages, they exist. Paul says here that God created them. It is a concept found only in the Bible, and one that the Apostle Peter offered as the basis of our hope. (Acts 3:19-21)

## **The Earth Cries Out**

God is mocked by people who deny his existence. We have become a degenerate society that allows its leaders to exercise amoral technological power over humans without acknowledging a Supreme Being. Because science lacks moral clarity and conviction, it is propelling our society to destruction with deafening speed. Executives overlook the consequences of their five year plans in a rush for excessive profits. Politicians conspire with them in a desperate grab for votes and deals to develop donation pipelines to their campaign bank accounts.

### **GMOs**

Our global civilization is running amok with no one really in charge. The earth is being ruined by ever more powerful technologies that produce weapons of mass destruction and create poisonous chemicals of biological desolation. The crossbreeding of genes from the animal and vegetable kingdoms gives rise to agricultural and pharmacological crops that could end up destroying all life on earth.

Many animal and plant species are already threatened to the very edge of their existence and will soon disappear forever. Modern scientists again, just like the scientists from the pre-Flood civilization, can insert genes from one animal to another or man, or from an animal into a vegetable plant. In every case, the motive is higher profit, but they never question the consequences of their genetically modified organisms (GMOs) to our environment and ecosystem.

Today huge American and European pharmacological and agribusiness conglomerates mix and match genetically living organisms to produce drugs, pesticides and herbicides within vegetable and other crops. Driven by an unbalanced hunger for obscene profits, they neglect the consequences of their methods in a rush to force earnings explosions, but both peasants and professors worry that some fiendish fiasco is brewing in the genetic laboratories and research fields.

The potential consequences of our undisciplined genetic manipulation to permanently damage the environment are real. Before long, matters will have progressed to the point that no human organization will be able to control the spread of the progressively complex biological interactions of artificially inserted genes unleashed by current practices. GMOs could ultimately destroy all life on earth as we know it. My educated opinion is that it would take less than 100 years to do so. I am not kidding.

## **The Mystery of Tammuz 17**

Discovering and Dating the Biblical Apocalypse 2008-2015

I am beginning to understand why the world hates America's economic, financial and political hegemony over the world. I see the time coming when terrorist revolutionaries pledged to destroy the West's immoral corporate institutions will be perceived as heroic saviors. The resulting turmoil will usher in Antichrist. By treaties promoting peace and prosperity through global trade, his plan will promise restored political stability and economic growth with environmental responsibility, and it will be the biggest pack of lies ever received with good intentions. Antichrist will win the vast support of the western democracies and appease the other regional blocks of the world, which will not be ready to oppose him economically or militarily.

We already can see these "Frankenfoods" in American supermarkets where 80% of the vegetables are genetically modified. The younger generations do not know what real food should look or taste like. I am an old man that remembers what food was like growing up and can easily tell the difference. Today's food has lost its nutritious value. It is loaded with growth hormones, antibiotics and more chemicals than you want to know about. The public is only occasionally informed about the strange viruses that infect growing numbers of domesticated animals. Thousands of people also die, but that is covered up to protect jobs and profits. Because corporate greed corrupts our elected and appointed officials, biotech corporations receive abundant government subsidies from the consumers' tax dollars.

The Lord is angry about all this. For a little while longer, God will continue to hold back His hand of judgment, giving the world a time of grace to repent, and then he will act. First, he will cease from holding back the natural consequences of our global abuse. Second, he will unleash a fury of wrathful and righteous "plagues" against this generation.

Now is the last chance for humanity to change our ways and let God change our hearts. Making peace with the Creator is an option we dare not refuse. Jesus Christ is calling many around the world. Thousands are hearing his message. Many are saved every day. The true servants of God desire and encourage the preservation of the natural creation as an exercise of faith in the future restoration of our planet under Jesus' reign as king.

### **Asteroids, Earthquakes and Tsunamis**

December 26, 2004 will go down in history as the Christmas tsunami. The horrible destruction from the tsunami waves caused by just one earthquake offshore from the island of Sumatra in Asia reminds us of how devastating disturbances to the earth's crust can be. Asteroids

## **The Mystery of Tammuz 17**

Discovering and Dating the Biblical Apocalypse 2008-2015

have caused similar events of destruction. Much of the Flood's destruction may have been caused by an asteroid but no one who saw it survived to tell about it. New asteroids are discovered every few months that might impact the earth with catastrophic consequences similar to what happened at the beginning of Noah's Flood.

Dramatic film footage of coastal Sri Lanka, India, Thailand and Indonesia's Aceh province on Sumatra held the world captive as it gawked at the consequences of only one set of tsunami waves. We will probably never learn the true number of those who died, and words fall very short of describing the massive dislocation and tribulation suffered by those who survived. The only benefactors from this tragedy are those committed to increasing global governance. The billions of dollars of aid that flows into disaster areas pay for the establishment and expansion of global government, mostly under the auspices of the UN.

Even greater earthquakes are prophesied that will devastate the entire globe. There will be no natural escape from it. Forget remote shores and islands of paradise for they will be destroyed by the tsunamis that will arise from the many earthquakes prophesied. Only those favored by God will survive to populate the new age to come under the Kingdom of God.

Few people shall be left alive at the end of 2015. (The Hebrew word for "few" used here means "a trifle" or "a little.") Read the following selected verses from Isaiah 24:

Behold, the LORD lays the earth waste, devastates it, distorts its surface and scatters its inhabitants. And the people will be like the priest, the servant like his master, the maid like her mistress, the buyer like the seller, the lender like the borrower, the creditor like the debtor.

The earth will be completely laid waste and completely despoiled, for the LORD has spoken this word. The earth mourns and withers, the world fades and withers, the exalted of the people of the earth fade away.

The earth is also polluted by its inhabitants, for they transgressed laws, violated statutes, broke the everlasting covenant. Therefore, a curse devours the earth, and those who live in it are held guilty. Therefore, the inhabitants of the earth are burned, and few men are left. (1-6)

Therefore glorify the LORD in the east, the name of the LORD, the God of Israel, in the coastlands of the sea. From the ends of the earth we hear songs, "Glory to the Righteous One," but I say, "Woe

## **The Mystery of Tammuz 17**

Discovering and Dating the Biblical Apocalypse 2008-2015

to me! Woe to me! Alas for me! The treacherous deal treacherously, and the treacherous deal very treacherously."

Terror and pit and snare confront you, O inhabitant of the earth. Then it will be that he who flees the report of disaster will fall into the pit, and he who climbs out of the pit will be caught in the snare; for the windows above are opened, and the foundations of the earth shake.

The earth is broken asunder, the earth is split through, the earth is shaken violently. The earth reels to and fro like a drunkard and it totters like a shack, for its transgression is heavy upon it, and it will fall, never to rise again.

So it will happen in that day that the LORD will punish the host of heaven on high, and the kings of the earth on earth. (15-21 NASB)

### **The Coming Famine of God's Word**

The Apocalypse will be preceded by increasing spiritual confusion. At the climax of God's Wrath the world will suffer from depths of desperation and despair unparalleled in history. Because of the public rejection of the Bible, which presents God's truth, the Judge of all has determined to end the opportunity to read it. Only the faithful who already know and obey the truth will survive those last months.

"Behold, days are coming," declares the Lord GOD, "When I will send a famine on the land, not a famine for bread or a thirst for water, but rather for hearing the words of the LORD.

"People will stagger from sea to sea and from the north even to the east; they will go to and fro to seek the word of the LORD, but they will not find it. (Amos 8:11-12 NASB)

These verses confirm what logic would suggest: the *Cheth* Age of the Apocalypse will be one of increasing spiritual darkness. Books like this one will not be permitted to be published. Christian and Jewish books will be burned on a massive scale, like the Nazis did in Germany 1932-39. Bible reading will be drastically curtailed and eventually punishable by death. While there is time left, make the most of your opportunities to search his Word and learn about God's truth.

Time is of the essence. Our lives hang by a hair. Time runs out for millions of people each day. Many people die suddenly, from disease or accident. Shocking events like the December 2004 tsunami in Asia or the terrorist attacks of 9/11/2001 in New York City still challenge a few

to take a spiritual inventory and make some changes in their lives. But the deaths of most people do not make headlines or impact the general public. Personal tragedies do reach beyond those immediately affected.

Don't wait for a personal tragedy to motivate you. No one knows their immediate future. Another opportunity may not present itself for you to begin an eternal relationship with your Creator. Begin with what you understand and accept as truth in the Bible. The hour is short, and you need to learn a great deal very quickly. Turn toward God in your actions and your conscience to obey his word today. Then ask for more understanding and the guidance of the Holy Spirit. He will lead you.

As the Lord reveals to you changes that need to be made in your life, ask him for his strength to accomplish the task. Going against the mainstream of society is difficult, but it is essential that you become increasingly less entangled in the lifestyles of this world. You only need to begin with what you understand and accept as truth. For example if you are Jewish, you can start with living by the Old Testament.

The key is to turn towards God in your actions and your conscience to obey his word. Then ask for more understanding and the guidance of the Holy Spirit. He will lead you.

### **Christian Ignorance and the Antichrist**

The consistent message of Christian surveys and studies is that about 90% of those who call themselves "Christian" are ignorant of the Bible. The "Christian" population, for the most part, is indistinguishable from the worldly culture in which they live. God the Father, the GodSon, and the GodSpirit are not any more real to the self-proclaimed followers of Jesus than they are to the world at large. At best "Bible myths about patriarchs, prophets, and spirit beings" are received at the same level of authority as secular philosophy or the sacred writings of other cultures.

When America was attacked on September 11, 2001, many citizens ended up in church praying. Even members of Congress attended a Christian memorial service at the National Cathedral in Washington, DC. An Islamic cleric was allowed to give the opening prayer. There he was representing a religion that inspires violence daily against hundreds of Christians and Jews worldwide. I am shocked that no one in the American government objected to a Muslim cleric's pastoral equal presence with nationally known Christian leaders in a Christian church.

This is highest peak of hypocrisy. It reveals how little our political and religious leaders understand about world politics or Islam. Just think, we are daily exposed to bombings, death and kidnappings perpetrated by Islamic radicals – sometimes even young children are used. When

these “martyrs” remains are mourned, the Moslem funeral rhetoric usually blames the Jews and Christians, Israelis and Americans.

Satan is a master in disguise, and he uses every opportunity to confuse, lie and commit mass murder, and then calls it an act of God. Ten years ago, Bethlehem used to be a diversified and reasonably peaceful city, with Christian and Islamic faiths equally present. Now, there is no godly assembly in that city, only poverty, ruined businesses, unemployment and despair. Moslems, Christians and Jews alike have been murdered in the name of Allah. This scenario is copied in many other places. The Bible says that Satan is a murderer and liar from the beginning, and his children are easily identified because they do the same.

These atrocities will all culminate in the person and government of Antichrist. Sadly, most who call themselves Christian will be deceived by him. Their ignorance of the Bible and natural human pride will make them vulnerable to his lies and illusions of love, power and miracles. During the Apocalypse, evil spirit beings at work within the societal and cultural forces of this rebellious age will facilitate massive waves of patriotic fervor for Antichrist among the world’s populations. Those with reservations will not be tolerated.

Most Christians live secular lives of scheduled spirituality. Since God has little impact on them, they do not live holy lives. Western civilization has lost the meaning of *holy*. The true God of Israel has no relevance for us. This is one reason why Islam and other eastern religions have grown at the expense of mainline denominations.

The Christian population participates in the collective sins of our society, which is not unlike that of ancient Babylon at its moral and spiritual core. They are caught up in the competition to live the “American Dream” of prosperous self-indulgence justified by a self-centered spirituality that they call “Christian.” This lifestyle renders the Christian witness impotent. These are the kind of “Christians” who will suffer from the plagues that flow as natural consequences from their sinful sources. (Revelation 18:4)

Antichrist will proclaim all religions spiritually valid at their source. He will teach that all religions and mystical matters reflect partial revelations of the one universal god through many cultural traditions. He will spread the illusion of prosperity, peace and safety even as violence mounts to the final crescendo of all armies gathered to attack Jerusalem. With the death of the Two Witnesses, Antichrist will enter the Temple built by the Jews and proclaim himself the only true God by virtue of his dominion over the earthly dimension of *Daleth*.

Despite all of his successes to date, Satan has already been doomed to destruction. With his resurrection from the dead, Jesus vanquished the

devil. Jesus' victory over the grave declares a *Heh* dimension life that swallows up death. His loving sacrifice and willingness to forgive those who sincerely repent have overcome sinful rebellion. What we see unfolding today, and will see in the years to come, follows the predetermined script I have laid out in my books.

The actual fulfillment of all Bible prophecy is certain. Their promise is proven in the resurrection of the Son, who will come again as promised, bringing with Him the eternal reality of the *Heh* dimension to earth. The return of Jesus as the conquering King and Savior Messiah of Israel is the first step of restoration that will ultimately result in the recreation of the heavens and the earth.

Remember, I do not have some special inside track or direct link to God's mind. I am not a prophet but a student of the Bible who, I believe, has been guided by God's Holy Spirit. I have shared the results of my studies with the world for each to determine their validity for himself or herself.

### **Some Words of Encouragement to Believers**

When the Apocalypse arrives at the appointed time, many Christians—especially in America—will be unprepared and very disappointed when they realize that the expected "Rapture" did not happen at the beginning of the Apocalypse. Many pastors and Christian teachers promise an escape from the trials and tribulations to come. Scores of Christian theories abound that cater to our deeply ingrained desire to avoid suffering and to suppress the fears that arise from deep within our subconscious minds.

I feel both humbled and privileged that God has revealed the events of the Apocalypse to me, contrary to more popular theological opinions focused on the "Great Escape." I also feel a deep sorrow for my fellow believers who are appointed to undergo great suffering for the sake of our Lord Jesus. Just as it was in the beginning of the church age, their spilled blood will become the water that will propagate the Gospel of Life in the midst of satanic cruelty and opposition.

When somebody is going away, a parting word would encompass all the feeling we have for that person without preaching a sermon. And so I would like to offer a word of advice to my fellow believers in Christ. I have found five Bible verses that deal with the trials and tribulations Christians face every day, which will increase dramatically during the Apocalypse and will put most Christians to the ultimate test. These passages address the essence of the Christian faith. They have lifted me

up in many difficult situations and even prevented me from becoming entangled in false religions that offer deceitful hope.

Applying the five-finger rule of the Hebrew Alphabet Number System, there is one verse that stands out above the other four. Jesus said, in the gospel of John:

Peace I leave with you; my peace I give to you. I do not give to you as the world gives. Do not let your hearts be troubled, and do not let them be afraid. (John 14:27 NRSV)

Here Jesus mentions two different circumstances of peace. First, He will give us peace. This "given" peace will settle everything in the future when we receive eternal life. In the meantime, our loving God also leaves us peace in the present.

Many people are tormented with bad memories from childhood or other offensive life experiences, and Christians are not exempt from these feelings. They may have been psychologically damaged early on by abusive parents, growing up without love, struggling for survival and security, being totally alone when they needed someone to care for them.

Later in life they may have experienced war, death and crime, broken friendships, having someone they cared for take advantage of them. They may have lived in a loveless marriage or dealt with the heartbreak of divorce. Perhaps corrupt businesspeople stole their hard-earned life savings.

We learn to suppress memories of hurtful experiences, tucking them away in the back closets of our minds. But they never really disappear. Psychologists tell us that these memories are permanently embedded in our subconscious minds. This may at times cause unresolved bitterness and loneliness.

These buried emotions can also result in evil thoughts that seem to come from nowhere. They do not portray a picture of peace, but an outright attack from hell.

Christians may be bewildered when they experience these attacks. They might question God's provision of their salvation, asking, "Am I really saved?"

As a matter of fact, Satan will use every corner of our submerged memories to rob us of the faith and peace Jesus promised. But whenever Satan begins to stir up a storm by digging up painful memories, believers can confront him with a command: "Satan, I order

## **The Mystery of Tammuz 17**

Discovering and Dating the Biblical Apocalypse 2008-2015

you to leave in the name of Jesus!" At the same time we can call upon Jesus and say, "Give me peace now, as you promised."

Believers in Christ have access to a power reservoir that has been in existence since before the creation of this world. Like a light switch, when you connect to this power source, you will instantly receive light. The problems that have plagued you will still be there, but you will experience a peace that will lift you up over the circumstances.

During the darkest days of the coming Apocalypse, never forget that God knows you, loves you and has prepared a place for you. If you are or become his child by faith in Christ, you are already on your way to becoming perfect in his sight, fully acceptable before a holy God. I encourage you to endure by serving him to the end. You have been called out to serve the wonderful, mighty God of the universe. You will be more intimately connected to him than a child could be with a gentle, loving father in this life.

Four other verses add to our understanding of this main verse:

Call on me in the day of trouble; I will deliver you, and you shall glorify me. (Psalm 50:15 NRSV)

Cast your burden on the Lord, and he will sustain you; he will never permit the righteous to be moved. (Psalm 55:22 NRSV)

Humble yourselves therefore under the mighty hand of God, so that he may exalt you in due time. Cast all your anxiety on him, because he cares for you. (1 Peter 5:6-7 NRSV)

Rejoice in the Lord always; again I will say, Rejoice. Let your gentleness be known to everyone. The Lord is near. Do not worry about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God. And the peace of God, which surpasses all understanding, will guard your hearts and your minds in Christ Jesus. (Philippians 4:4-7 NRSV)

Now is your last chance before the tough times of judgment begin. For those who resist him, God's plan is to pass the doubters and rebellious both through a burning tunnel as a final purifying test of humanity. Our survival depends on heeding the warning, and preparing for it through repentance and obedience to his Word in faith.

## **You Can Help**

Whether my predictions regarding the timing of the Apocalypse prove true or not, I hope this book will be a blessing to you. My long-time dream has been to tell this story to the world. I am doing everything that was possible for me to do. The impossible will be in God's hands.

I have not written these books to make money selling survival gear or some other kind of emergency strategy. My concern is to spread the Word of God as far as possible with his warning for our age. This is why I have translated my books into other languages and have it on the Internet to be downloaded and/or read for free.

Each person is in a unique position to help spread the Word of God. This function is vital. Although it certainly is not the only option, sharing my books and web site with others is one way to be involved in God's work. Give others the opportunity to read these materials and decide for themselves. The heavy exposure to God's Word in my books will yield its fruit in due season and may be credited to you as part of being faithful servant. You might be surprised by God in receiving a great reward from him at his coming. (Isaiah 55:6-11)

## **The Faith Principle**

We have come to the end of this book. Do not be surprised if you feel like you need to re-read some parts or even all of it. When I re-read a chapter, I marvel at what was written because I no longer have a recollection from when I wrote it. Even some of my most critical Christian friends admit that they learned something from it.

My desire is now to publish these books in book format. Most people find it much easier to read a book than to read online. Because of these books' breadth of scope and content, they need to be read several times before the consequences and the reasons for the Apocalypse really sink into one's conscientiousness. The destruction of Western and Eastern civilization as we know it will soon become history. Who knows if the history of the *Zayin* Age will ever be remembered or taught to the future generations of the *Teth* Age?

And Jesus answering saith unto them, "Have faith in God.

"Verily I say unto you, whosoever shall say unto this mountain, Be thou taken up and cast into the sea; and shall not doubt in his heart, but shall believe that what he saith cometh to pass; he shall have it.

Therefore I say unto you, all things whatsoever ye pray and ask for, believe that ye receive them, and ye shall have them." (Mark 11:22-24 NRSV)

In the above verse Jesus encourages us to have faith. Faith is powerful enough to move mountains into the sea. By the Words of faith the universe was created. (Hebrews 11:1-3) So the question comes up, "How big is my (or your) mountain?"

Here is a story to communicate my message to you. A very rich man was visited by his sister and her sons in his beautiful mansion. The mansion was a huge, containing many rooms full of beautiful art, quality furnishings and recreational equipment. Using the popular slang, you could call it a "monster house." After the initial greetings the rich man felt wonderful and said to his visitors, "Pick anything you want, and I will give it to you."

The aunt said, "I would like to have this beautiful precious vase."

Her son added, "I would like your black stretch limousine parked in the driveway."

The rich uncle said, "OK, the vase is yours, dear sister, and the limo is yours, my nephew. I would have given you the whole mansion if you had asked."

Now I am faced with the same kind of question? Being honest with myself I ask, "Is God bigger or my mountain?"

Jesus taught that with enough faith no mountain is too big. I know that God is quite rich and would like to surprise his children. So I am asking for one billion people to read this book so that at least 15% of the world's population would hear about the Plan of God for humanity. They would get as a bonus some understanding about what the terrible events of Apocalypse are all about, too.

As I was thinking about a practical way to accomplish the impossible, I was reminded again about the Hebrew Alphabet Number System. I recently took a cruise. When I looked out over the ocean, I could see trails of water vapor rising from it against the blue backdrop of the horizon. It was quite a spectacle with the fading sunlight as a backdrop. So, my thoughts were directed toward that vast expanse, which in Hebrew is called "*Mem*" (40).

We have learned that *Daleth* – in this time in this world – with an added entity of "purpose" would lead to the fulfillment of my dreams of impossibility. As a self-taught scientist, I asked the Lord, "What is the "faith" I need to move my mountain?" It must be part of the *Daleth*

## The Mystery of Tammuz 17

Discovering and Dating the Biblical Apocalypse 2008-2015

dimension, whose laws cannot be changed, but moving mountains must therefore conform to the same laws. Do we have a paradox here?

In the *Daleth* dimension, thousands of tons of dirt can be moved by water. So the expression *Mem* is appropriate. I have water with which I can move my mountain, but it needs to be followed by "purpose." That thought then led me on to the two rail analogy as applied to the Apocalypse – *Cheth* meaning eight (8), which divides into two parts ( $4 + 4 = 8$ ). It is like the Russian Egg alignment of the Mini-Apocalypse within the context of the Great Apocalypse. They go together like the horse and carriage.

The first four represent the four legs of a horse, which provides the power. The next four are the four carriage wheels.

They work together according to the principle of cause and effect. In other words, the water evaporates becoming clouds that are blown against the mountains so that the water falls out of them as rain. But we must have purpose. The purpose of the carriage is to carry people. If we get to where we want to go, then we do not worry about which mechanism was used or how it works. We expect the horse to power itself by its powerful legs, and the horse's mass in motion will move the carriage on its wheels according to the laws of physics.

Now comes someone who wants to ride in the carriage. He or she must have enough confidence in the horse and carriage to be willing to pay the fare. If the traveler does not have enough faith to pay it, then he will be left behind when the carriage departs. Similarly, if I did not have faith in the integrity of the ocean liner to pay for my ticket, I would still be sitting on the dock alone. Thus, with purpose we can overcome our initial fear of the unknown, and by faith we will be able to move a big mountain - just like too much rainfall causes mudslides in California.

Please join me for the ride by helping me to move the mountain of placing the Gospel in the hands of one billion people.

And this gospel of the kingdom shall be preached in the whole world for a testimony unto all the nations; and then shall the end come.  
(Mark 24:14 ASV)

I am not necessarily asking for money. I am applying the math formula we learned about in the Hebrew Alphabet Number System, which states:

$$1 + 4 = 5$$

It is not by chance that you have read my books – even if you have only read a part of them. God is at work. I think that he appointed you

out of the billion people I have asked for in faith to read my book. It was his choice, not mine. You should consider it a privilege because there are millions who do not have this opportunity.

I ask you (1) to find four (4) friends or relatives and invite them to read this book of "God's purpose for humanity." That would not cost you much, and you can always blame it on that crazy cuckoo clock maker in California who flipped out.

My faith was recently tested. I became discouraged because the mountain was beginning to look too big. The immensity of this undertaking made me behave like Peter walking on water. When he realized that he was actually walking on the waves, he forgot his purpose. He forgot that the Lord was standing there with his hand reaching out to catch him.

Not too long ago I unexpectedly received the first donation check. It came with the instruction to use it towards paying expenses. The donor had been blessed by reading the books on the Internet, and he thanked me for the effort I had made to put it there for others to read for free. The amount of the check was \$400.00.

My mind switched on, and I immediately understood what the Lord was telling me. It is a wonderful lesson that he taught me with this check. The Hebrew number 400 is *Taw* the last letter in the Hebrew alphabet and represents the end of our existence or eternity. The formula is explained in my first book 1-4-40-400 which is the Hebrew context means "humankind or Adam and Eve." The donor could have sent any other amount, but it "just happened" to be \$400. This was God telling me, "Herbert, do not worry about the end because 'I am the Alpha and the Omega, the beginning and the end.'"

As Mark 11: 22 begins, "Have faith in God." This first donation strengthened my faith in God the Almighty. I invite you to have faith in God, too. Help me move this mountain into the sea. Help me to send this message to those who have never before heard God's word, or never paid attention to it when they heard it.

Your reward will be tenfold in the *Heh* dimension. Just remember how rich our uncle in the mansion is. A mountain physically moved by water (*Mem*) can create a beautiful, priceless beachfront. It is yours to claim if you have faith. Maybe you have friends or relatives in India, China, Russia or some other country that is capable of translating this book. If so, I would like to hear from you.

Our opportunity is very short. Check the cuckoo clock's time schedule. If you have faith with purpose, we can experience the impossible and receive the prize when we finish the race.

Besides being wise, the Teacher also taught the people knowledge, weighing and studying and arranging many proverbs. The Teacher sought to find pleasing words, and he wrote words of truth plainly.

Of making many books there is no end, and much study is a weariness of the flesh. Now all has been heard; here is the conclusion of the matter:
